## (R18) Frequenting Brothels Prologue

Hello everybody... I'm a new member of RTD, who goes with the name Nymphriel, and I'm MTL-ing "Game nai ni haitte Dragon o Hanto Shinagara Shokan ni Kayoi Tsumeru Hanashi" together with Editor Weslykan.

Quick synopsis is that, this dude was given a game console that can make him go into the game, and apparently there's a red-light district in there... the rest you understood...

This is an **R18** web novel written by the same author of "Living as I please", which you may or may not have read *cough*Mr.Puncough. This series already ended at the 31st chapter.

Please proceed with care. I surfed through many chapters and there seemed to not be NTR in here... but still, you have been warned, again, this is **R18**.

Here's the prologue already TL/TLC/ED... have fun.

---

I, Fujisaki Nobuhiko, am a man with stronger libido than most anyone, I'm also a vigorous 18 year old student.

By all rights I should be diligently studying, but if I don't masturbate 5 times at night and 5 times in the morning, I can't go to sleep because I'm too horny.

My penis is also larger than the average Japanese person's as it is 20cm. It is my shameless partner that doesn't wither after a single session of masturbation.

I think my face looks decent, but I've never been able to get myself a girlfriend, I'm what most people would call a virgin.

I've always let my feelings out on eroge and videos on the internet, but as it is now it'll end up affecting my school exam results.

So, to give myself another hobby besides masturbation and distract myself from my lust, I saved up pocket money to buy the most-wanted game to come

out this winter called 「Dragon Hunter Cross」.

The 「Dragon Hunter series」, also known as Dorahun, is different from the common generic ARPG, by giving players the real feeling that they were going hunting, the game slowly became a very hot title.

This new 「Dorahun Cross」 has a lot of new content and features, plus its reviews have been very good too.

That's why I was very excited and happy as I headed towards the game shop where I ordered the game, but...

「What are you looking at ! ? ! 」

I suddenly encountered an emergency situation.

Three Japanese-style yankees were surrounding an old man sitting in his wheelchair.

「S-Stop it ! Aren't you guys just ganging up on a disable elderly man..... ! 」

「What's that... ! This guy bumped into us with his wheelchair and now he's givin' us attitude, mind your own business ! ! 」

「I'm sorry... I didn't hit you on purpose....」

The old man tried to calm the situation with poor timing.

「If being sorry was enough we wouldn't need the police ! ! 」

「Boss, this old geezer's bag is empty, he doesn't even have any money」

The yankee who looked like an underling opened the old man's bag at his own convenience and turned it upside down.

「Y-you people, messing with people's stuff at your own convenience..... ! 」

(TN: According to later chapters, the MC stepped out and spoke to the Yankees here) 「What's this, niichan, are you gonna pay the debt for this old man ! ? 」

「T-That's.....」

Before I even realized it, a yankee came up from behind me and restrained my arms.

「S-Stop it.....」

A dull impact hit my abdomen.

The boss yankee gave me a blow.

「Gu..... ! ! *cough*..... ! 」

「Stand still, niichan.....oh? you're carrying quite a bit of money, aint'cha?」

Taking 30,000 yen from my wallet, the Yankee laughed with a satisfied smile.

「Th.....That was.....my money to buy the 3PS and Dorahun.....*cough* ! ! 」

The yankee hit me with a body blow again while he walked away still laughing contentedly.

~~~~~  
~~~~~

「Are.....are you alright, ojiisan.....」

I pushed the wheelchair to a nearby park while rubbing my aching abdomen. I bought a coffee from the vending machine and offered it to the old man.

「Did they.....rough you up or steal anything from you ? 」

「Nah.....you helped me before anything happened.」

「It's all good then.....」

The old man drank a mouthful of coffee and looked up at me.

「 ? .....What is it ? 」

「You.....are a praiseworthy young man, even though you're the one who got hurt helping me, you ask me if I'm alright.」

「Um.....that's.....I couldn't just leave you like that.....」

The old man's eyes suddenly shone with sincerity.

「Are you frustrated ? 」

「.....To be honest, yes I am.....」

「Do you want to become strong ? 」

「.....if it's possible.....then yes I do.....」

「Very well, then for the honest you, I have a present 」

The old man took out two boxes from his bag while saying so.

「That's..... ! Aren't these the 3PS and the game "Dragon Hunter Cross" ! ? 」

It was supposed to be empty, what was going on ?

「This is what you wanted right ? 」

「That's.....true but.....is it alright to give me such expensive things ? 」

The old man's shoulders shook as he laughed and continued talking.

「This isn't a regular item that you'd usually see, but please use it as it has some.....special features, I guarantee its functionality」

Not the usual thing ? Is it a knock-off made in a foreign country ?  
As his words trailed off, I looked to his direction but he had already disappeared without a trace.

「H.....Huh..... ? 」

I was left alone at the park with a sense that I had been tricked by a mischievous fox spirit.

This was the beginning of my new life as a pleasure hunter.

# (R18) Frequenting Brothels 1

Riiiiight!!! Here's the first chapter. **H-scene** right off the bat, lightweight though...

Quick note: The blog Aceofdiamond where already had this TL-ed to chapter 14 or so is just the original place where I wanted to read this WN.

Later on I showed it to boss Cyro and was accepted to RtD.

The version of this WN on that site is unedited, I wouldn't say it's too good for your brain as there are some parts I totally gave up.

That said, once I summon my Editor-san on RtD, the translations here on RtD would be better for sure.

Again, this WN is **R18**. Now please proceed to the chapter. Enjoy!

---

## Game start

I, who was given a **3PS** and the game Dragon Hunter Cross by a mysterious old man, went straight back home to confirm the authenticity of the goods.

Neither the package nor the contents were changed, actually it seemed like the real thing.

I took the 3PS out and read the manual but there didn't seem to be anything strange.....was he just making a fool out of me ?

When I thought 'let's try this **3PS** out' and closed the manual, something strange was written on the back of the booklet.

『About the method to enter inside the game 』

「The method to enter.....inside the game ? 」

『When you want to go inside the game, please push L button five times with the selection button pushed. When you want to return, please do the same thing with the controller that appears inside your head』

The hell..... ? Inside the game ? To go inside ? Such a thing is impossible. This might be the developers' idea of a joke.

I charged the 3PS and booted it up while connecting it to wireless LAN, then I excitedly inserted Dorahun Cross.

A heroic opening movie was shown and the logo of Dragon Hunter Cross was projected on the screen.

I already checked out the "How to play" guides on the official website.

First I need to go through character creation. That said, there's something strange with the creation screen.

「What's this.....I can only choose a Male character.....」

Dorahun is supposed to let players freely choose between a male and female character.

Is this a knock-off after all ?

「Tch.....even though I wanted to make a female character and have her wear erotic equipment.....」

Anyway, since it can't be helped, I'll just make a male character and try to make him good looking.

Character's name... I just read an R18 web novel the other day so I'll use that protagonist's name "Arc". (TN: Arc-Demon? Anybody?) As the character creation ended, I excitedly started the main game.

The screen projected the scene of a peaceful Alpine farming village, as well as a field.

I greeted the chief and other inhabitants and was given a house. At first I thought it was fake, but it seems like the old man didn't fool me, this really is the genuine product.

As for the beast people in the village...they looked like cats... I greeted the so called "Nekoru" people.

When I talked to the Blimp cat that managed transportation in the village, it said something strange.

『Hunter-sama, from here, you can proceed to the First Village, Snowy

Mountain Village, Hot Springs Village, or the Red-light district nya~』

「.....ha ? 」

I was dumbfounded and read the whole thing again twice.

Red-light district you say... Dorahun is an Online PC game and this is the starting point, I understand that much.

But Red-light district..... ?

This is a game that you'd expect nothing to be erotic, much less an absurd thing like this.

But the word “Red-light District” is clearly written on the screen.

「.....L-let's go take a look.....」

I talked to the Blimp cat and moved my character towards the Red-light district.

~~~~~  
~~~~~

A street with rows of houses like in the Middle Ages with a dusky, pink-like atmosphere unfolded before my character.

The streets were suspicious, barkers were scattered around everywhere.

I made up my mind and talked to one of them.

「Welcome ! 3000 gold for one night of sex ! How's about it, onii-san ! 」

Then the line 「Gold is insufficient」 appeared on the screen.

「Come again another time ! Onii-san ! 」

I only had 1000 gold the village chief gave me as at the start, and if I think about my hunting future, it'd be best not to waste gold early on..

Feeling miserable, a pink billboard catches my attention.

『Pink Salon Aokinoko』

(TN: Aokinoko can be TL-ed as Blue Mushroom, but I think leaving it like that sounds better) A nightclub should be cheaper than real prostitutes.....。

I had very little knowledge of what was here, so I had to depend on the barkers who called out to me.

「Welcome ! It's 800 gold for 50 minutes ! How's that, onii-san ! 」

800 gold.....If I sell the weapons that were provided with my house I should be able to afford this much.....。

I decided to sell off all the other weapons except for the sword and the heavy gun to raise money.

For the time being, I'll enter the Pink Salon and confirm the adult aspect of this game.....。

I chose the option 「Yes」 on the screen.

~~~~~  
~~~~~

The POV suddenly changed to First person from Third person like in ADVs. (TN: Adult videos) 「Mister, welcome~ ! Papillion-san, would you mind~ ! 」  
(TN: This girl Papillion will be introduced shortly)

The clerk says so and guides my character to a seat.

When you look carefully, there were other visitors aside from me, and though it was dim and difficult to see, they seemed to be kissing and licking each other.

Eventually, a refined beauty with luscious black hair gathered above her head, approached my seat.

「My name's Papillion~, please treat me well today okay ? 」

Papillion-chan responded even though my character didn't return a word.

「Ufufu, you say such nice things.....so I'll give you lots of service today okay♪」

Papillion-chan slipped her thin dress down off her shoulder and revealed her full breasts and asked me to caress her.

「OOOOOO ! 」

I shouted in front of the screen while stroking myself like an animal.

My character massaged Papillion-chan's breasts, her fingers seemed to be playing with her secret place.

「Ahn♪ .....well then, it's about time, please excuse me~」

Papillion-chan took off the lower half of my clothes.

「 ! ? 」

The crotch of my character wasn't censored ! No mosaic ! Uncensored ! ?

「 Ooh it's big.....Ufu、 then let's begin okay ? 」

Papillion-chan put my cock into her mouth, and began to suck it intensely.

「 Mm..... Mm..... *drool*... Mm..... this is amathing.....*drool* I can barely fith ith in my mouth.....lth hithing the back....*drool*」

(TN: Alright, she's talking with a dick in her mouth...)

I got turned on and synchronized my "son" with my character.

「 Nmu..... *drool re ro re ro (lick lick slurp slurp)*..... you're going to cum..... you can let it out in my mouth if you want ? 」

(TN: The rerorero... I know what it is but I can't put it into proper words lol)(ED: still dick in her mouth) Papillion-chan's words were the finishing blow, I came into a tissue at the same time my character came in Papillion-chan's mouth.

「 Ahn ! .....Ufufu、 so much came out.....」

The POV returned to Third person again as my character stood in front of the shop.

「 Please come back again, I'll be waiting for you〜♪」

Papillion-chan came to the front of the shop and gave my character a gentle kiss on the cheek.

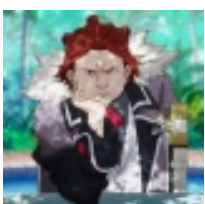

I stood amazed in front of the screen completely naked from the waist down.

This kind of game software is unbelievable.....。

Then what about that line written on the back of the manual, 『About the method of entering inside the game 』if it's for real then..... ?

If it's real..... this will be wonderful..... !

My "son" was still standing there dripping cum.

## (R18) Frequenting Brothels 2

Warning for every single time I post: **THIS IS R188888888888**

Though the number said something like 18 billion... you only need 18 years of life to read this, okay ?

Here's chapter 2 for the readers. Our Editor-san has been drowned by school work O.O Please offer him encouragement in your hearts ☆\_☆/

What? You're not even **18 years old**? Well... I can't stop you from reading, but close the door alright?

But... this chapter isn't an H-chapter anyway .\_\_\_\_\_.

---

### Dive into the game

With the lower half of my body still naked, I dragged the manual of the 3PS console out again and looked at the back of it.

There, without doubt, the line 『About the method of entering inside the game』 was written, it hadn't been a dream after all.

Going inside a game.....is just about every single gamer's dream.

For an instance, what if one were able to go into an eroge ? What if it was possible to become a famous protagonist in RPG's ? or other things like that.

「Press L button five times with the select button held down.....」

This is a button combo you wouldn't normally do for any game.

「Just calm down..... ! 」

Delicious food should be eaten right away without any hesitation, that's my belief.

I read the manual once again.

『When you want to return from inside the game, please do the same thing with the controller that appears inside your head』

Not just going inside the game, but I can also freely enter and exit..... ?

「.....」

I gulped down my saliva. (TN: Actual sentence is 'I make a gulping sound in my throat' but it sounds... meh... so I changed it a little)

(I'll just try.....I'll just try and see whether or not it's a joke.....if it looks dangerous I'll jump back out right away.....)

I cleaned the room, and just in case I put a note on my desk that people should call the police if I'm not back by next morning, then moved my character to a safe place in the village.

As I held the Selection button down with my trembling hand, carefully I pressed the L button once.... twice..... then five times.

The next moment, I blinked my eyes once and the view completely changed.

「.....UOOH ! 」

Though I was supposed to be wearing a house coat and should have been in my room, I somehow wore standard farming-like clothes now and stood in the center of a quiet village surrounded by meadows.

The smell of grass, the fragrance of cheese from the stall of the food cat in the center of the village, then all the people coming and going.... everything felt extremely real.

(I-i-i-i-it was real ! ! )

I was confused and amazed at the same time.

(I have really come into the world of Dorahun Cross ! ! )

「Um.....Arc-san ? 」

I was startled when someone called my character's name... I turned to see who called.

「Wh-Yes ! ? H-how may I help you ! ? 」 (TN: Arc says "What is it" but uses polite form of speech, hence the translation)

When I looked, the person who called was a receptionist lady in blue uniform with a hat, her hair was gathered up neatly and her face had a puzzled expression on it.

「Because you were spacing out in the middle of the village, I thought something happened.....were you thinking about something ? 」

「N-No ! I-It's nothing ! 」

I was stunned by her beauty so I was confused and answered incoherently.

(S-So cute~~~~ ! ! ) (TN: Kawaii!!!!)

She held a file under one arm and had a confident, business-like air about her, you could say she was cool and cute at the same time.

「Arc-san、you haven't been a hunter of the village for long, but shouldn't you hurry and do some work ? But if you want to receive a request just come see me anytime okay ? 」

「Y-Yes ! 」

I recalled as we talked.

That's right, as a hunter I should go hunting.....。

I thought about how, in Dorahun, I'm supposed to fight against terrifying monsters. As I thought that, a chill ran down my spine. (TN: Dragon Hunter Cross => Dorahun for short)

No, that's right, this time I came into the game to see if it would work or not.....。

「Erm.....is the house allocated to me the one over there ? 」

I pointed at an isolated, simply-made house.

「Yes, it is. Or is there any insufficiency ? 」

「N-No.....it just slipped my mind for a moment.....then I'll be off.....」

I left with those words and headed for my house.

~~~~~  
~~~~~

「Welcome home nya~, Master ! 」

The assistant Nekoru welcomed me. (TN: I think it's the nekoru girl from earlier, no idea what's the author trying to do...)

My house is very simple, it only has a cooking stove, an item box and a bed. The window is open, so sunlight is shining in the house.

I timidly peeked into the Item Box and saw a pitch black abyss.

If I'm not mistaken, there should be weapons in here..... when I thought so, a list of items floated inside my head.

I cautiously operated the 3PS console in my mind selling off all weapons except for the Heavy gun and the sword.

*Ding Ding* I got some gold ! Or so the notification in my head says.  
But the gold didn't appear.

「Oi.....where's the gold ? 」

「Nya ? Hunter-san's money is saved in your Hunter Card, you go shopping with your Hunter Card nya~」

So that's how it is.....we don't carry a jingling bag of gold but use this system.....o

「Master, are you alright nya ? maybe you should go rest a little.....」

「N-No, I'm alright, I just wanted to get lost in my thoughts for a bit, so you can leave it at that...」

「Nya.....Is that so nya...」

I sat down on the bed, took a deep breath and imagined me operating the 3PS console by pressing the L button five times while holding down Select.

Then the scene changed again as I blinked and I was sitting in my room in front of the screen with the controller in my hands.

「.....I'm back..... ! 」

I let out a sigh of relief and looked at the game screen.  
There was a clone of myself standing in the middle of my in-game house.

When I selected the Item Box with the controller and looked inside, every other weapons except for the sword and the Heavy Gun had been sold off and I had gotten 4000 gold.

「.....I really went into a game.....」

Anyway, I'm able to freely enter and exit Dorahun.  
After this, I'll go back into the game once more and pay the 3000 gold for sex.....。

As I was thinking that I suddenly realized.

I'm a virgin.

If I'm going to throw away my virginity, why not get rid of it with the best sex I can get?

I operated the game and went around the Red-light district for further inspection.

Apparently, the best brothel in the town was 20,000 gold for one night.

If I calculate this based on the earlier Pink Salon, 1 gold should equal 10 yen.

For one night to be 200,000 yen.....the service must be unbelievable.

That's right, I can go back and forth between the game world and reality freely. I should do the dangerous and tiresome hunting in reality to save up money. And then, go into the game for the red-light district !

I suddenly got fired up.

From then on, I kept playing Dorahun and went on doing quests with the heavy gun, and successfully saved up 30,000 gold.

Alright, it's time to graduate from my virginity!

## (R18) Frequenting Brothels 3

Right... here we are again with our  
R18888888888888888888888888888888.

Editor-san has survived the drown and is now currently at his final form o.o/  
Without further ado... let us dive straight into the ~~red light district~~ chapter !!!  
Again... this is **R18**... so close your doors on H-chapters alright ?

## OK to the Redlight district

Before returning to the game, I clipped my nails, took a bath, and brushed my teeth.

Even though the girls are inside a game, I think they would be disgusted if I was dirty.

Then I entered the game with my heart pounding, and selected the Redlight district from the Blimp Cat's list of destinations.

The place had a suspicious atmosphere as usual, with a pink hue. The barkers were still standing here and there calling out to people.

I recalled the MAP in my head and started walking towards the luxurious brothel that I'd had my eyes on before.

In front of that place、the 「Dragon Brothel」、was a barker。  
I timidly presented my Hunter Card.

「U、Um.....will this be enough for one night ? 」

The barker confirmed the card.

「Yes, it's enough, is this customer's first time utilizing our services ? 」

「Y、Yes」

「Our shop is prepaid. But since this is dear customer's first time, we will give you a discount of 2000 gold」

「T、Thank you very much.....U、Um、 can I see the girls and learn their names before I choose ? 」

「Dear customer can look through the girls in this album and decide. Please take your time, no need to hurry」

The barker said so and brought out an album.  
I flipped through the pages, all the girls were so beautiful it was hard to decide on one.

Then a certain girl caught my attention.  
She had slanted, almond shaped eyes, she didn't give off a sexy or foxy feeling, but instead her ambience was gentle, her hair was tied up into a fluffy side-tail.

「U、Um.....what kind of person is this girl ? 」

「Miss Kashima ? Dear customer、 you're lucky、 this girl just started working here、 her service is good、 her popularity is rising fast、 so it's hard to get a chance to be with her.

She's a gentle, polite, and cute girl you know ? 」

「T、 Then、 I'll choose this girl」

「Yes、 then the total will be 18,000 gold. Please wait in the parlor.」

~~~~~  
~~~~~

I was guided to the parlor to wait. I was nervously sitting in the room when someone knocked on the door.

「Y、 Yes ! E、 Enter ! 」

「Excuse me.....Kishima desu~♥ Thank you very much for choosing me today♥」

「Fuwaa..... ! 」 (TN: Whoa...)

I was completely stunned by the beauty who just entered the room.

It wasn't clear from the black and white portrait, but now before my eyes is a gorgeous girl with beautiful silver hair that shines whenever her side-tail shakes. Her skin was white, and her face is waaaay cuter than in the portrait.  
Though she had foxy almond shaped eyes, the gentle aura is still there, and her

smiling lips are charming too.

She had the same uniform as the receptionist lady, but in white, she substituted the tie with a red ribbon, but that just made her even cuter.

「.....Dear customer ? What's wrong ? 」

「Ah、N、No, I didn't think a girl this cute would come...you're much cuter than in the portrait」

「Maa~♥ Thank you very much、Ufufu♥」

(TN: There's no good way to translate "Maa", if you watch anime then I think you'll understand, if you never watched anime, I'm sorry, so go ask your friends who watch anime) She smiled pleasantly and gave a little bow.

「Now then, let me guide you to the room.....would you lend me your hand ? 」

Saying so, Kashima-chan grasped my hand.

That alone felt so good that I already felt like I'd gone to heaven .

「Ara..... ? your nails、you took care of them ? 」

「Y、Yeah ! It's the manners a man should have ! 」

「Ufufu♥ such consideration、I love that you know ?

Now then、this way please♥」

Kashima-chan led me by the hand up the stairs to a room inside the brothel.

In the room, there was an extravagant bed, a sideboard, and a bathroom.

The faint smell of perfume and the lewd atmosphere, started to excite me.

「Excuse me.....I'll take care of your equipment okay ? 」

「Y、Yes ! 」

My equipment was taken off and I was left standing there in my underwear.

「You seem pretty nervous.....is this your first time coming to a place like this ? 」

「N、No.....A、Actually.....it's my first time having sex.....」

It was no use trying to pretend otherwise, so I honestly confessed.

「Maa~♥ Then、Kashima is going to be dear customer's first time♥」

「Y、Yes.....」

Kashima-chan settled me down on the bed and tenderly kissed my forehead.

「Ah.....」

「Please relax, ok? Ufufu、then、let's begin♥」

Right. Again with the familiar warning of **R18**.

Now this will really be an H-chapter... so do be careful lol.

You see a star next to the chapter title, you close the door, alright ?

Editor-san kinda died a bit inside editing this one though...

All those sfx and.....

Have fun!

### OK, to the Red-light district Part 2 ★ (A kiss and 30 cm)

Kashima-chan smiled deviously and brought her face closer.

「Is this also your first kiss ? 」

「Y、Yes.....」

「Ufufu.....since we can't kiss much during the play, we'll do plenty of it now okay ? 」

Kashima-chan said so and wrapped her arms around my neck and pressed her lips against mine.

「Nn.....Mchuu.....*kiss*.....\*schlurp\*.....\*lick lick\*.....」 (TN: Tongue entwining sfx) (Uoooooooo ! ! So sooooooooooft ! ! She smells sooo good ! ! )

I sat there as Kashima-chan's tongue slowly caressed the inside of my mouth, I worked up my courage and timidly entwined my tongue with hers.

「*kiss*.....Ufu♥ It's fine if you want to touch my breasts you know ? *Muchuu*.....」

Since I had gotten permission from Kashima-chan, I timidly fondled her left breast through her white uniform.

「Ahn♥ *kiss*.....*kiss*.....it's fine if you want to be rougher you know ? *lick*.....」

Hearing this, I rubbed Kashima-chan's breast more violently.

(S、Soooft..... ! )

I got so excited from the kiss and her breasts that my dick got rock hard.

「Ufu.....♥」

Kashima-chan slowly separated our lips.

「First of all.....I'll use my mouth okay ? 」

Kashima-chan murmured this and let her uniform fall to the floor before unfastening her bra and exposing her breasts, she was left wearing only her white panties and stockings.

(OOOOO ! ! )

Kashima-chan's breasts were shapely and beautiful and she pushed on her small, perky, and pink nipples.

(TN: Actual sentence says they are "cherry blossom color") 「Excuse me okay ? 」

As I sat on the bed, Kashima-chan knelt down in front of me and removed my underwear.

「Huge♥ not only that, it looks really energetic doesn't it ? 」

Kashima-chan gently poked my dick with a *chon*.

「Wah..... ! 」

「Ufu♥」

Kashima-chan smiled and grasped my 'son' and softly wrapped the tip with her tender lips.

「Nn.....*Muchuu*.....\*schlurp\*.....*lick*.....♥」 (TN: Yep, tongue sfx again)

(OOOOO ! ! T、This is fellatio ! ! A、Amazing ! ! Feels too good ! ! )

(TN: This is spartaaaaa... ok I'm sorry)

Kashima-chan took my dick deep into her mouth and started to suck on it while her tongue caressed it.

「Nn、*lick*、Nn、Nn、\*schluuurp\*.....if you're going to cum、you can let it out anytime you want, you know ? *lick*.....」

Kashima-chan's intense blowjob was the first experience I'd had with any kind

of sex, so I quickly reached the limits of what I could endure.

「A、Aaa ! It's N、No good, I'm coming ! ! 」

「Nnmu ! ! .....Nn.....\*gulp\*.....\*gulp\*.....」

I came violently inside her mouth, Kashima-chan was surprised at first but she recovered and started to swallow my cum.

「Fheww.....You came a lot~♥ Did Kashima's fellatio feel good ? 」

「It、It was the best.....」

After being released from Kashima-chan's mouth, my son still stood pointing skyward.

「Maa~♥ Dear customer、It's still so full of energy♥ Then、I'll clean it up for you before we continue」

「I-I'll leave it to you.....」

~~~~~  
~~~~~

I stood inside the adjoining bathroom, letting Kashima-chan wash my body. Kashima-chan bent down and took off her panties and stockings, which left the both of us naked.

「~♪」

Kashima-chan hummed a little tune as she carefully washed my son and my anus.

When my anus was traced with a finger, it felt strange and ticklish.

「Then、please excuse me a little okay ? I'll wash the inside♥」

Saying so, Kashima-chan put one finger into my anus.

「W、Wait ! T、That's..... ! 」

「Please endure it~♥ because this is necessary」

Kashima-chan covered her finger with bubbles and stuck her finger inside my ass to wash it It felt really strange, like I was in the middle of taking a shit. (TN: Yup... this one needs some love from Editor-sama){EN: **why me?**}(TN:

Muwuhahaha) 「There、this fine already♥ then let's take a hot bath～」

I felt like I'd lost something important to me as a man after that, I thought that as we entered the bath to wash off all the bubbles.

Kashima-chan dried my body with a towel and kissed my face whenever she had the chance.

「Then、before sex、would you please lie face-down on the bed? Kashima's special service, will send you straight to heaven♥」

This chapter reminds me too much of Fatima LOL...

Well again with the warning of **R18**. This is an H-chapter... as well as the next 3 LOOOOL.

I thought only posting on the new site now would be counterproductive, so I'll also post on the old site... which is an idea that everyone else except me already knew TT\_\_\_\_\_TT

Well then, enjoy your stay!

### OK, to the Red-light district Part 3 ★ (Anal service, Caress)

I lie down on the bed while feeling a little nervous about the special service.

Kashima-chan sat across my feet and patted my butt.

「Dear customer、would you mind raising your butt and spread your leg a little？Yes、like that」

I did as I was told and positioned myself on my hands and knees, then Kashima-chan traced my anus with her finger.

「Waah！ T、That's.....」

「Then、Kashima's special service starts now♥」

Saying so, Kashima-chan's tongue crawls along my anus.

「Owao！」

Sensing the slimy sensation on my anus, a shudder ran down my spine.

「\*lick\*.....\*Mchu\*.....\*lick lick\*.....Excuse me♥」

Kashima-chan reached her hand down and started stroking my hard dick while still licking my anus.

「Oo.....ou.....！」

「\*lick\*.....dear customer is amazing♥ even though you came so much earlier.....\*lick\*.....」

Kashima-chan didn't just licked the outside, she also started to lick around the inside of my anus.

And at the same time she vigorously stroked my dick, quickly driving me into a corner.

I was assaulted by a never before felt pleasure and it quickly drove me to my limits.

「Aa ! N、No good ! I, I'm coming..... ! 」

「\*lick\*...That's fine♥ Please give Kashima's hand lots and lots of cum ok? *Muchuuuu*.....」

Kashima-chan's skilled hands and tongue quickly drove me to the limit. Soon, I blew a massive load of cum into her hands.

「Amazing♥ You released so much.....♥ Nn、\*sluurp\*.....」

When I turned back and looked, Kashima-chan had brought her hands to her mouth and was licking up my semen.

.....is this girl an angel ? (TN: Right! Angels do lick semen on their hands! That's right Arc!) 「You let out a lot、do you need to rest ? .....Ara ? 」

Kashima-chan reached her hand towards my crotch and lightly stroked my "son" who was still standing tall and proud.

「Dear customer、is amazing ne~.....well then、before having sex, would you mind getting me wet first ? 」

~~~~~  
~~~~~

Kashima-chan smiled as she crawled into the bed and laid her body out.

「H、How should I do this..... ? 」

I was confused at suddenly having a defenseless woman's body lying right in front of me.

「Do it however dear customer likes.....♥ My breasts and down there, touch

and fondle them to your heart's content ok ? 」

At those words, I massaged Kashima-chan's breast and pinched her nipple.

「Ahn♥ Nn.....feels good.....Ufu.....I won't run away so take your time.....」

I fondled Kashima-chan's beautiful full breasts in a daze and rolled her tiny pink nipple around my mouth with my tongue.

「Nn♥ Nn♥ Ufu♥ That feels good」

「Ka、Kashima-chan、it's ok to kiss you right ? 」

「Nn.....no you can't now.....I just licked your anus earlier.....the kiss have to wait till another time okay ? 」

「Is that so.....too bad」

Since we couldn't kiss, I decided to fully enjoy myself caressing her beautiful breasts.

「Nn、Aa、G、Good.....♥ Dear customeeer.....it's about time...please also play with my pussy.....♥」

Saying that, Kashima-chan spread her legs.

I felt a strange excitement run through me at the sight of my first fully naked woman.

「Ufu♥ Is this your first time seeing a pussy ? 」

「A、Mmhm.....」

I'd seen uncensored women's genitals online and in AV's before, but this was the first time I'd seen them in person.

Kashima-chan's pussy was lightly surrounded by thin silver pubic hair, her hot rosy labia were flushed and leaking glistening juices.

「Lick me a lot okay..... ? 」

Prompted by those words, I buried myself between Kashima-chan's legs.

「Ahaah♥」

I summoned all the knowledge I'd gained from AVs and rolled her little clitoris with my tongue, and at the same time stirred the inside of her pussy with one

finger while searching for her G-spot.

(TN: Adult Videos, just in case you didn't know lol) 「Aa ! Aa ! Aaa ! ! D、Dear customer.....you're skilled.....N、Nnnn ! ! 」

Kashima-chan writhed her body in pleasure as I continued to relentlessly tease her pussy.

「Aa、Aa、Aa ! ! No good ! Cumming ! It's coming out ! AAAAa ! ! 」

Kashima-chan's body shuddered and bucked, and at the same time her pussy overflowed and squirted.

「A.....Ahaa.....♥ I came.....♥」

I was feeling happy and kind of accomplished that I managed to make a woman climax with my hand for the first time.

「Ufufu.....Then next, I'll be taking Dear Customer's virginity okay~? I'll return the pleasure you gave me and make you feel really good~♥」

「P.....Please take care of me」

Alright... new site is working again, meaning that it's time for the familiar **R18** warning.

Another reason for some delay is that, apparently my Editor-san is an Oni. He drugged me with Majikoi and made me neglected a crap ton of work, I haven't left my room for 4 days binging on this game lol...

Without any further ado... let's jump into the chapter. It is indeed an **H-chapter**, though not too hardcore you should still be careful .\_\_\_\_\_.

### OK, to the Red-light district Part 4 ★ (Virgin sex)

Kashima-chan crawls into the bed and straddles my prone body. She slowly lowers her ass down over my cock and rubs my glans against her wet pussy.

「A、Oh God.....」

「Then、I'll put it in okay？ Nnn.....」

Kashima-chan gripped my cock and let her hips sink down.

「U、Uwa..... ！ 」

I slipped further and further into her as her wet fleshy walls surrounded and tightened on my cock.

My heart started pounding violently as I experienced this never-before-felt sensation.

「Eii~♥」

「A、Aaa ！ ！ 」

Kashima-chan suddenly dropped her hips all the way down, the shock from suddenly being deep inside made me embarrassingly shoot early.

「Aah♥ So much is coming out.....Congratulations on losing your virginity~♥」

「S、Sorry.....inside.....I came inside you.....」

「You don't have to mind, you know? I have a really great contraceptive pill for later」

「Great contraceptive drug?」

「Ehh、mixing laurel and mandrake together will do the trick, so rest assured and come lots inside me okay♥」

Is there such a drug.....I'll try making some later.

「What's wrong? You came lots already, how about taking a break.....A、Ara?」

Kashima-chan noticed my son get hard inside her once more.

「You're amazing、dear customer.....you came 3 times and yet.....well then let's go another round.....I'll start moving♥」

Kashima-chan wrapped her arms around my head and started to bounce her hips up and down.

It felt so good that I thought I'd come immediately, but I thought that'd be too pathetic, so I clenched my buttocks and endured.

「Aa♥ Nn♥ Nn♥ It、It's fine even if you don't hold back you know? There's still lots of time before the night ends.....so just come、Nn♥ Ufufu♥ lots inside Kashima♥」

「Even if you say so.....it's the pride of a man.....Nn、\*churu\*.....」(TN: ちゅるっ is probably the sfx of him grabbing her boob)

I grab onto Kashima-chan's beautiful breasts, which are bouncing and shaking right in front of me, to distract myself from the urge to come.

「Ahaa♥ Mou! You're so mischievous aren't you? Nnn♥ Ufufu♥ Such a naughty kid must be punished, Eii♥」(TN: heave-ho!)

Kashima-chan tightened her pussy while pistoning and grinding on my dick.

「U、Uwaaa!!」

I immediately succumbed to the pleasure, and once again shot a huge load right inside of Kashima-chan.

「Nn.....you came so much and you're still hard.....now that it's come to this,

Kashima will have to squeeze you dry to the very last drop♥」

「P、Please go easy on me.....」

~~~~~  
~~~~~

After that, we changed to various position and enjoyed each other's bodies, I pounded Kashima-chan hard and came 9 times inside her pussy, Kashima-chan also reached her limit at the end of the night.

「HaaHaa.....C、Cumming again ! Kashima-chan ! ! 」

「Aa♥ Aa♥ Aa♥ Ka、Kashima's cumming too~~~ ! ! Aaaaa ! ! 」

While grabbing her breasts to support her body, I pounded Kashima-chan and came hard inside her as Kashima-chan's pussy tightened and convulsed.

「HaaHaa.....Th, This is my limit.....」

I pulled out my dick, that had lost all of its power, from Kashima-chan's vagina and collapsed flat onto the bed.

「Haa.....Haa.....Dear customer.....you're amazing.....♥ How was Kashima's body ? 」

「It、It was the best.....」

「Ufufu♥ We're going to take a break ? 」

「Right.....I used up all my strength.....」

「Then、Kashima will wake you up in the morning okay ? 」

「Yes.....please.....」

I went to sleep wrapped in the smell of Kashima-chan's and my love making.

### OK, to the Red-light district Part 5 ★ (Lying down titsjob, Urine drinking)

———Chuu、Muchuu———

I slowly woke up from my slumber and felt my lower half wrapped in something warm and pleasant.

———\*kiss\*、Ufufu♥ *lick*———

「U、Uun.....」

I rubbed my drowsy eyes、and opened my heavy eyelids、Kashima-chan had my dick sandwiched between her breasts and the tip in her mouth. It was a tits blowjob. (TN: Paizurifera) 「Hmm♥ *boing*、\*tits rubbing sfx\*.....」

「Ka、Kashima-chan、What is this.....」

「Ufufu♥ *lick*.....Good morning♥ When I woke up you were all energetic again, so I helped myself♥ Nn、\*tits rubbing sfx again\*.....」

「U、Uwaaa ! ! 」

Being attacked Kashima-chan's vacuum blow job first thing in the morning quickly made me reach my limits.

「Nn ! Ufu♥ I'll clean it up okay ? *lick*、\*sluuurp\*.....」

Having my dick rubbed first thing in the morning after ejaculating made start to feel like I had to take a leak.

「Ka、Kashima-chan ! I need to go to the toilet ! If this continues I'll urinate ! 」

「Hnn ? Ish fine isn't it ? like dish (this).....Nn、\*suck\*.....♥」  
(TN: Omfg... I swear half of my brain cells died at this, she was talking with a dick in her mouth again, but with heroic effort I deciphered it nicely){EN: Sees nothing keeps walking}

「Aa ! No good ! It's coming ! It's coming out ! ! 」

Kashima-chan held my dick carefully, while I shamefully and vigorously urinated right inside her mouth.

「Mugu、\*gulp\*、\*gulp\*♥」

Surprisingly, Kashima-chan gulped down all my urine.  
After taking all of my piss and gulped it down, Kashima-chan's took her mouth off my dick with a sweet smile.

「Nn、so healthy♥」

Seeing the sweet and devoted Kashima-chan with an obscene smile on her face, my groins reacted.

「.....because Kashima-chan did something so extreme it stood up again.....」

「Ufu♥ That's good isn't it ? There's still lots of time, so why don't we enjoy ourselves♥」

In the end, I ejaculated two more times inside Kashima-chan's pussy before the store's staff announced the end of time.

~~~~~  
~~~~~

「Come pick me again okay♥ strong people like dear customer, are always welcome♥」

Kashima-chan accompanied me outside the shop.  
Then she kissed me on the cheek as we parted ways.

I strolled along in the morning sun, the memory of losing my virginity still lingering in my mind.  
Even though this is inside the game, the world seems somehow different.  
(TN: Different from a game world){EN: World feels different cause he lost his virginity lol}

(If there wasn't the anal play we could have kissed a lot during sex.....)

That reminds me, a night has passed in this world, but how much time had passed in the outside world ?

I returned to my home in Elna village with the lingering happy memories, sat down on the bed, operated the 3PS console in my head and returned to the real world.

~~~~~  
~~~~~

When I returned to my room and looked at the clock, not even one minute has passed since I dove into the game.

(You can experience everything in the game in just an instant ? )

No, a whole day could have passed, you never know.

I went down to the living room and picked up a newspaper on the desk next to where mom was watching the TV.

The date hadn't changed from when I entered the game.

「.....Hey, mom, is this today's newspaper ? 」

「Yeah.....that's right.....it'll be Monday soon anyway.....Hmm ? Somehow, hasn't your aura changed ? 」

「W, What are you talking about, aura..... ? 」

「No, you seem to have become more adult-like.....did something happen ? 」

「.....It's nothing, I've only been studying」

「Hmm.....then that's fine.....」

I was astounded by the keen intuition of the existence called 'mom'.

I'm sorry, mom, but, I bought a prostitute, lost my virginity, and had tons and tons of sex all night.

(TN: LOL what will happen if one just simply say this to his mum?) I came back to my room, hopped on my bed and quickly fell asleep.

This might have been the first time I slept feeling so refreshed.

From tomorrow on, I'll experiment with this game in various ways.....。

### The mysterious old man

School started at the beginning of the week.....。

After the release of Dorahun, the atmosphere at school has clearly been split into two halves. (TN: Reminder, Dorahun is for short of Dragon Hunter Cross) On one side, is the group that spends time studying for exams.

On the other side is the group that have quit studying and that get excited as they quietly talk about Dorahan.

They wouldn't be able to enter their school of choice if their rank dropped, and they'd have to test for their back up school, so it wasn't like they could completely stop studying. I, on the other hand, am studying properly, so it shouldn't be a problem even if I'm part of the Dorahun group.

Every break I get asked how far I've played in Dorahun, and each time I give a vague answer..

.....by no means would people believe I've experienced the game first-hand.

I paid little attention to the classes because I was reminiscing about Kashima-chan's body, I wished classes would hurry up and finish already.

.....I wanna go back in there and have sex with that angel Kashima-chan once again.....。

When the bell rang, I instantly gathered my stuff and dashed out of class.

「I'm leaving first ! ! 」

「Y、Yeah.....」

「 ? That guy、 why's he running so fast ? 」

~~~~~  
~~~~~

As I was dashing home, I spotted the figure of a familiar person, so I quickly crossed the pedestrian walkway and stood in front of him.

「 O、 Ojiisan ! ! 」 (TN: Uncle-san)

「 Oh、 it's you」

The mysterious old man that had given me the 3PS and Dorahan was sitting casually in his wheelchair.

「 T.....That game, what on earth is it ! ?

It's.....It's.....Unbelievable ! 」

「 Ho ho ho、 judging from that face, it looks like you had quite a bit of fun」

The old man's shoulders shook as he laughed.

「 That's.....um.....That's right.....but、 what on earth..... ? 」

「 Ma~、 don't be so hasty、 can you push the wheelchair ?

We'll slowly talk along the way」

「 Y、 Yeah.....」

I went to behind him and pushed the wheelchair along slowly.

~~~~~  
~~~~~

「 Those things were、 to pay back the 『Sincerity』 you have shown me」

The old man said so while the wheelchair shook.

「 The price.....for that.....」

That's too much for a return gift.

「 You don't like it ? The thing shouldn't harm you in any way though...」

「 .....」

Indeed、 the Dorahan series was developed with no Game Over concept、 and

the protagonist dying is completely impossible.

There's only a rule called "Quest Fail" when you exhausted all your strength 3 times on the same quest.

It's equivalent to a 'Death Penalty' in other games.

「Because I handed you that game、so you should just enjoy yourself to the fullest」

「That's.....fine.....but、what I did for you wasn't that great, you know ? It was just an ordinary thing.....um、honestly、I don't know why you think I'm so great.....」

The old man shoulders shook as he laughed once more.

「Your 『Sincerity』 was really only an excuse.....mostly it's something I wanted to do on a whim」

「On a whim.....is it..... ? 」

「You're still a student、what do you think ? Aren't there times when you feel trapped and stuck in a dull repetitive life ? 」

「That's, well.....it would be a lie if I said there wasn't any.....」

「Because we live in such a stifling world、even if you treat someone well and look at them positively, they might just curse back at you, you know ? 」

「Oh.....」

It was a strange logic that I kinda got and at the same time kinda didn't get.

「That's why、you don't really need to worry about such risk. Just enjoy yourself as much as you like」

「To enjoy.....as I like.....」

「That's right、yep、oh there we are、we have arrived. Here、you'll be able to hear more about your game、they are more knowledgeable about it than me」

There、a common antique shop was before my eyes.

「Ayakidou..... ? 」

(TN: So this one, it can also be TL-ed as Restart/Reboot, but since it's an Antique

Shop, I think leaving the romaji name sounds better) When I looked back the old man had suddenly disappeared with his wheelchair again.

「Wha.....What kind of person.....is that old man.....？」

### Ayakidou

I timidly opened the door of 「Ayakidou」 and entered the dimly lit shop.

「E、Excuse m—e.....」

There were several antique vases and tea ceremony items displayed, I made sure to not touch anything whenever possible. I called out into the shop, and the middle aged shopkeeper, wearing glasses and casual clothing, glanced over as if appraising me.

Ah I get it、normally a high school student wouldn't come into an antique shop、but I have lots of things I want to learn about in this place.

「Um.....regarding a game、an old man told me to come here and ask about it.....」

As soon as he heard that、the owner broke into a broad smile.

「Ah、you、you're the one His Excellency came to like and handed the game to」

「His Excellency？」

That old man、was he an important person？

「Ah no、it's nothing you need to concern yourself with.  
You have some things to ask right？」

The owner offered me a chair and brought out some coffee.

「Um.....that game、where did it come from ? 」

「Hmm.....」

The owner tapped the table with his finger and thought about something.

「It's something like a 『Thing you don't need to know』 like.....for example、a car should be able to run even if you don't know how it's built、you can still drive it without knowing what's inside the car right ?

And just like that, where the game came from is also a 『Thing you don't need to know』 kind of thing」

「O、Oh.....」

Somehow、my intuition spoke to me.

It said that it'd be better for me if I didn't dig too far into this.

「By the way、that game.....」

「Hmm ? 」

Because I actually played the game, I had some doubts and problems I had to ask the owner about.

That game、aside from the normal offline mode、I could even go to the base of [Dragon Hunter Online].

The unique equipment from Dorahun X didn't seem to be usable in Bijo Olde, as I was forced to unequip it, and even my hunter rank. It seemed like I was unable to carry these over from Cross to Online or vice versa.

(TN: X = Cross... goddamn it... and Bijo Olde is the name of the main zone/town of the Online Version of this Dorahun game) In other words、only items and equipment common to both games will carry over and are usable in both games at once.

「Nah、that's when you play with others, if you play solo then it's possible to use stuff from both versions.

But as expected、when you do play online the lack of consistency between equipment and status is inconvenient, am I right?」

The storekeeper said so casually.

This is just unbelievable.

3PS isn't a platform that Dorahun Online was released on.  
At the moment, 3PS shouldn't be able to even run Dorahun Online at all.  
(TN: This Dorahun game has 2 version, the Cross and the Online...damn)  
{EN: Dorahun X is on 3PS Dorahun Online should be on PC and other platforms}

「The online version should have a monthly subscription though.....」

「Hmm? Would you like to know about the billing? Because I set it to charge with in-game gold so it should be fine.  
I'll teach you another way of doing it later」

「In-game gold! ?」

I can't believe it.....if that's possible, then even if it's a huge amount of bills I should be alright.

「Ma~, the way of a serpent is tricky.  
For now, it should be a secret to others, as it's not really legal okay?」

I can't say anything about that.

If this is true, I have the privilege to play the expensive Dragon Hunter Online unlimited for free.

It takes time to play Dorahan Online, but as long as I'm inside the game it only takes an instant.

If what the store manager said is true, as long as I play solo, I can use G-rank weapon to hunt low-level monsters such as Teacher Roosters in Dorahun X in less than a minute.

(TN: Thanks Philosopher Stone)

I have a strange feeling that I've become a cheater.

「Then, I have one warning for you」

「?」

「Even though you may have dove into the game already, do note that reality and the game world will interfere with each other and there may be some effects」

「Eh?」

「For example、your physique has already merged with your hunter's from the game world」

「P、Please wait a moment, such a ridiculous notion.....」

「No、that's the truth.....if you were attacked by a huge monster in the game and the damage you got didn't kill you, then, if you got hit by a big truck in reality you'd probably survive while taking similar amounts of damage.」

「That's.....impossible.....」

「Did you not realize it ? Your own ability has been reflected into and from the the game」

「.....」

That reminds me、I could ejaculate as many time in the game as in reality.

「Therefore、be careful OK ?

Because right now you have enough power to kill a small monster, and that power can easily kill a human too」

「Y、Yeah.....」

After that, the shopkeeper told me different ways to adjust the monthly billing, and various other pieces of advice.

「I also deal with other games, so when you're tired of Dorahan you can come again.

But that time, there will be a price as it is real business」

「You can also go into different games ! ? 」

「Yup、but there's also limit to it you know」

「No.....I'll ask about that later as I'm currently busy with Dorahun」

「Is that so ?

Then、I hope you have a good hunter life」

「Thank you.....」

Though I had a feeling I just became the member of an evil organization, I left Ayakidou with a strange sensation and headed home.

Putting aside the confusing things, tonight I'll make sure to play with women to my heart's content.....o

Okay, RTD is finally back from its “fun” break. Boss Cyromancer revived it with his dark magic.

### Fashion Health 「Aqua Mix」

It’s so easy to make money in game、it’s to the point that no matter how much the monthly fees for Dorahun Online were I’d still be able to afford it easily. But、the one I want to play the most is Dragon Hunter Cross, not the Online version.

For now, even if I need to make and take care of my equipment and then play around with women at the same time, I’ll still have plenty of gold.

Then I referred to information on the internet and downloaded an Event Quest that’s good for beginners looking to raise money, and decided to quickly do online battles.

As for this Event Quest, it’s collaboration quests with famous characters, if you clear the quest you’ll get some event equipment and materials, but the quest isn’t that fun.

If this quest is cleared、a material called Silver Eggs can be obtained、each of these sells for 10,000 gold.

I worked hard on this quest in reality and for now I obtained 300,000 gold as funds.

I temporarily stopped playing there、finished studying、went to take a bath and fixed my appearance、then cheerfully went into the game to meet Kashima-chan.

「Eh? Kashima-chan isn't available! ?」

I talked to the barker of 「Dragon Brothel」 and became aware of this harsh depressing truth.

「I'm sorry, dear customer.....Kashima-chan has an appointment today..... she's very popular after all.

What would you like to do? Do you want another girl?」

「Hmm, please wait a moment, I'm thinking about this.....」

According to the owner of Ayakido, time inside the game seems to flow for a day if I do a quest in reality.

Moreover, inside the game space-time flows like an anime, so I even if I go questing I won't age or become old.

That said, I should invest time in questing until Kashima-chan is available again.....。

I went into the game with the intention to enjoy myself with a woman. As such, I want to skip all these pain in the ass things, cause I'm itching to cum.

That's right, not only 「Dragon Brothel」 offers sex service.

In this case, I should go experience other services.

If I'm not mistaken, this red-light district also has Fashion Health.  
(TN: Prostitution in the form of Massage Salon)

「I've decided to go to a different shop.

When Kashima-chan is available I'll come back OK?」

「Yes, we look forward to your patronage」

~~~~~  
~~~~~

I talked to the barker of Health Fashion 「Bubble Mix」 and decided a course. The price seems to change depending on time, I chose the longest course of 150 minutes, and paid 2,500 gold.

The barker showed me the album, I decided to choose something different

than Kashima-chan、A short haired woman who gave off a brisk and clean impression caught my eye. Her name was Freya-chan, and instead of saying she was beautiful, it'd be more appropriate to say she was cute.

After the negotiation, I was led to the waiting room.

There were other people waiting in silence in the waiting room, it had a very strange atmosphere.

Before long customers began to be called in turns, and eventually my turn came.

「Freya-san is ready to service you, this way please」

Urged by the clerk、I left the waiting room、there was a girl with short orange hair、she stood there cheerfully and looked at me openly.

「I'm Freya、best regards♪」

「B、Best regards.....」

「Now、shall we go to the room？」

Freya-chan clung to my arm、and we went up the stairs and entered the health room.

There were a simple bed and a sideboard inside the room、and then、there was also a mat made from sponge lying next to the bath tub.

「Now、let's get those clothes right off okay～♪」

「Uh, Uhuh.....」

My armor and underwear were taken off by Freya-chan, and I was left naked.

「Please sit on the bed okay？ .....wow」

Freya-chan let me sit on the bed and wrapped a towel around my waist, covering my already hard penis.

「Do you want a drink？ Either tea or alcohol is okay」

「A.....Then I'll have some tea」

Freya-chan poured tea into a cup and put it on a table at the side of the bed.

Sipping the tea、I smelled the faint fragrance of herbs.

「Wait a moment okay ? I'll take off my clothes too」

Freya-chan took off her thin black negligee, removed her bra and sat down next to me.

Freya-chan breasts are larger than Kashima-chan's, her nipples are a creamy beige color and her areola are a little larger.

She has really good style, her big breasts show that well.

「Hee~, you're only staring at my boobs, you perv♪」

Freya-chan said good humoredly.

I also want to be able to say something clever.....。

「Ne~, is this your first time here ? Why did you come here ? 」

I was troubled as of how to answer, but decided to speak honestly after all.

「My favorite girl in Dragon Brothel wasn't available.....I was somewhat hesitant to pick another girl and.....I thought it'd be a good chance to try out Health Fashion」

(TN: Again, Health Fashion is prostitution in form of massage salon) 「Hmm..... Ne~, who's that favorite girl of yours ? 」

「E、Eto.....Kashima-chan」

「T.....That girl is pretty popular right?

How was it actually making love to her ? 」

「How should I say.....it was great」

「Heh~.....」

Freya-chan seemed to be lost in thought, then suddenly turned to kiss me and probed her tongue around my mouth.

「Hnn ! ? .....\*kiss\*.....\*lick\*.....」

I was surprised, but soon enough entwined my tongue with hers, and gently massaged her breasts.

「\*kiss\*.....\*lick\*.....Ufu♪ Since you took the trouble to come here, I'll give you some great service that the Dragon Brothel doesn't offer okay ? 」

「W、What kind of service ? 」

「Mat play♪」  
(TN: DAMN I MISS FATIMA !!!)

Freya-chan said that then smiled and giggled sweetly..

## Health Fashion 「Bubble Mix」Part 2 ★ (Mat play, Intercrural sex)

Freya-chan took off her panties、led me to the bathroom、then let me sit down on the so-called [shower chair](#).

「Then sit still、I'll wash your body okay？」

「G、Got it.....」

Freya-chan lathered up the soap、then carefully and thoroughly washed my 'son' and my ass.

According to the owner of Ayakidou、there doesn't seem to be any STD's in the game.

But I need to keep clean still, after all there are other scary diseases besides STD's.

Putting that aside, the hand stuck through the chair felt really good as it gently washed my ass, balls, and cock.

(TN: Hahahaha omg, I TL-ed the chair as Perv-Shair and my editor laughs his ass off)

{EN: XD perv chair, perv chair lolol it's a shower chair with a U shaped hole in the middle}

「It's so hard～、almost as though it's gonna come any second♪」

「May.....Maybe.....」

Then、Freya-chan stopped her hand.

「But、at our shop if you ejaculate once then the course is over、so be careful

okay?」

「Eh? Is it so?」

I unintentionally clenched my ass when I heard that.

「Yep yep♪ If you don't hold on then that's so～♪ .....now、we're done with the washing, let's rinse off the bubbles okay?」

She poured hot water down my body and washed the bubbles away.

「Now then、I'll set up the mat、so wait in the bath okay?」

I did as I was told and hopped in the bath to warm up my body.

Freya-chan took a bucket and poured some hot water with something slimy into it and quickly stirred it up.

When I looked at it with interest, Freya-chan laughed and explained: 「Are you interested in this? Mixing Tama Fox's synovial fluid with Doki Doki Mushroom would create this lotion.

The hunters usually sell these for pocket money」

「Heeh.....」

「Yup、I think this is about ready.....then customer-san、can you lie face-down on the mat?

It's slippery so watch your step」

I put down a towel in replacement of the pillow and lay down on the slippery mat as I was told to.

「Now then、Excuse me～♪」

「.....Ooh.....」

Warm lotion was poured onto my back、I let out a sigh unintentionally.

Freya-chan used her dainty hands to spread the lotion onto my back and then she started to spread the slippery lotion onto her own breasts and front. Then she slowly lowered her slippery body until it pressed softly and firmly onto my back.

「.....Aww man.....Feels good.....」

「Ufufu、I'll move okay?」

Freya-chan nuzzled and rubbed her chest to my back、 then started moving with a sloshing squelching sound..

Then she began to shower my back with little kisses.

「\*kiss\*.....\*Mchu\*.....\*kiss\*.....\*kiss\*.....though I'll play with it、 don't come yet okay ? 」

Saying so、 she reached her hand between my legs, lathered up my cock, and gently stroked it.

I desperately held in my cum and somehow I endured it.

「Amazing isn't it.....it's really hard.....this might be the first time for something like this.....okay、 please turn around, I'll do your front now alright ? 」

Freya-chan helped me turned over.

「Ufufu.....♪」

Freya-chan used her big soft breasts to spread the lotion all over my chest while kissing my lips, my nipples, and everywhere she could reach.

「Uu.....」

My 'son' was rubbed intensely with Freya-chan's tight belly making me tremble, if I lost focus for a second I'd come immediately.

「You can let it out anytime you want you know ? Then、 excuse me~♪」

Freya-chan moved to the lower half of my body while saying so, grabbed my dick and sandwiched it between her huge tits and stuck my dick in her mouth at the same time, then started a fella-paizuri. (fellatio tit-job) 「Nmum、 \*suck\*.....\*lick\*.....\*lick lick\*.....\*suuck\*.....」

「Uh.....Kuu..... ! 」

The pleasure from being in her warmth aside、 the slimy lotion added to it and took me to my limits.

I grind my teeth and endure the pleasure.

If there wasn't the experience with Kashima-chan beforehand、 I would have surrendered long ago.

「Nn、 try your best okay.....\*suuck\*.....\*lick\*、 \*liiick\*.....」 (TN: Ganbaru ne!)  
Freya-chan kept sucking on my dick for a while after, but after seeing that I

hadn't come she let my dick go...

I let out a breath of relief.

「You tried your best、customer-san. Then、here comes the final blow♪」

「F、Final blow ? 」

「Yup、Inter. Crural. Sex♪」 (TN: indirect)

Saying so Freya-chan slipped her body around and put her inner thighs around my dick、rubbed her pussy on my dick and extended a hand to apply lotion on the underside of my cock.

「Now then、I'll move♪」

Under such conditions, when Freya-chan moved、my penis was rubbed between her wet pussy and her slippery hand、it created a feeling like it was actually inside her.

「Nn♪ Nn♪ Nn♪ Customer-san、amazing.....rubbing it like this、even I'm starting to feel it.....♪」

「It's not inside right ? It almost feels like it is though.....」

「Nn♪ it's intercrural sex、so it's not inside.....Aa ! 」

When Freya-chan raised a wild voice、my dick suddenly entered her hot wet pussy.

「Nn、Sorry sorry、I got caught up doing it so hard that it went in.....」

Saying so, she took out the meat stick from her vagina.

「It wouldn't have been fine even if you left it inside like that.....」

When I expressed my honest thought、Freya-chan laughed lightly.

「That's no good、I didn't prepare contraceptive drugs.....this shop prohibit real sex、understood ? 」

「Ye—s」

(TN: HAHAHA poor guy omg...){EN: [He realizes he really can't](#)}

When I nodded Freya-chan smiled、then started moving intensely again. I accidentally entered her vagina 2 to 3 times already、but Freya-chan took out

my dick without being upset and continued the intercrural sex.

「Nn♪ Nn♪ So? Are you gonna come? Nn♪」

「Ack.....No.....No good.....C、Cumming ! 」

I was completely unable to hold on with Freya-chan's, almost magical, intercrural lotion sex, I couldn't endure anymore and came hard into Freya-chan's hand.

「Uwa.....amazing.....you came a lot♪」

「Uu.....I really came.....even though I registered for a really long course.....」

「Ara.....though you came、it's still standing up? 」

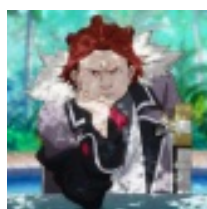

Freya-chan touched my wilful "son", lightly laughed, then kissed me.

「\*chu\*.....\*kiss\*.....Heey~, since it didn't lose it's energy、we'll do it again okay? 」

「Eh.....is that alright? 」

「We'll keep it a secret, this bad boy is still very energetic so I can't just leave him alone ♪」

Freya-chan then washed away the lotion、and led me to bed.

### Health Fashion 「Bubble Mix」Part 3 ★ (6 9)

Freya-chan wrapped my lower body with a towel, put a towel on herself, then sat down on the bed and offered me tea.

I took a breath and relieved my thirst.

Freya-chan leaned her body against mine and moved her thigh so it touched me. She gently stroked my energetic penis that still stood under the towel, and then reached her hand underneath and fondled my balls.

「Amazing.....you came so much、yet it's still erect.....♪ Is it always like this」

「Ah.....I'm always in trouble because of this selfish guy」

Freya-chan laughed lightly、and whispered into my ear.

「Hey.....What kind of play do you want ? Other than real sex、I do take some requests♪」

「Let's see.....though I really want to come、I also want Freya-chan to feel good」

「Then、let's lick each other♪」

Saying so、Freya-chan took off the towel and revealed her curvaceous body.

「Then、can you lie face up ? 」

I also took off my towel、lay down and pointed my ‘son’ towards the sky.

「Yup.....It’s still ready to go♪ Then、excuse me.....」

Saying so、Freya-chan turned to the opposite direction、straddled herself over my chest, put her legs under my arms、stuck my dick in her mouth, and lowered her pussy to my face.

「Nn.....*suck*.....you can do as you like you know ? .....\*lick\*.....」

While I experienced Freya-chan’s sticky blowjob, I observed her pussy.

She had some orange colored pubic hair which contrasted with her slightly dark beige labia.

Her clit wasn’t too big, and it had already come out of it’s hood and it was slightly trembling.

I don’t know if it was from the intercrural sex or from washing with lotion, but her soft folds were already soaking wet.

After I observed this wonderful view as much as I desired, I stuck my face into her pussy and started licking, making vulgar slurping sounds.

「Nn♪ Good♪ .....*suck*.....\*lick\*.....\*lick\*.....」

That way、we made each other feel good for a while.

When I licked her pussy all over as if tasting it、Freya-chan’s hips trembled and she started to suck and lick my dick more intensely in return.

「Nn♪ Mmm♪ Nn♪ *suck*.....\*lick\*.....\*lick\* *Schlurp*\*POP\*.....」 (TN: She made a big suck like you suddenly take the lollipop out of your mouth while sucking on it) I felt the urge to come become stronger, but at the same time Freya-chan’s juices started to flow even more heavily from her pussy, my pride as a man demanded that I make her come first, so I decided to attack her pussy even more furiously.

「Is it fine.....to use my finger ? 」

「Mmm、*suck*、Nn、It’s okay.....\*lick\*.....」

I put two fingers into her vagina、and began to move them in a crawling manner、I stimulated her G-spot and simultaneously rolled her clit around with my tongue.

「Hmm ! ? Aaa ! Th, That's so good ! ! Nn ! *suck*、\*SUCK\*.....」

Freya-chan somehow managed to counterattack by sucking even more strongly on my dick, but before long she surrendered to my attacks, her hips started to convulse and shake, her pussy squeezed, and she came.

「Aa♪ Aaa♪ Cumming ! C、Cumiiiiiiiiiiiiing~~~~ ! ! 」

After her body stopped shaking, Freya-chan let out a sigh and she lost her strength, resting her body on top of mine.

She wasn't heavy、rather, the warmth of her body feels good.

「Haa.....Haa.....I, I came before you.....♥ Mm、\*suuck\*.....」

Having caught her breath, Freya-chan started sucking my dick again. There was no need to endure anymore.

I gave myself over to Freya-chan's passionate blowjob, and as she licked my cock, I came magnificently in her mouth.

「Mmff ! ? Mmm.....*suck*.....\*gulp\*.....\*gulp\*.....」

I heard the sound of my cum being swallowed coming from my crotch.

「Pufwaa ! Amazing.....this is the second time and yet you still came so much.....」

「It felt really good、Freya-chan」

「Ufufu♪ Thanks♪ But、I didn't think I would come before you did..... customer-san、you're pretty good at this aren't you ? 」

「Is that so ? 」

「Customer-san is such a lady killer」

Thank you、the world of AV and those who blazed the trail before me.  
{EN: I love this line}{TN: hahaha)

I was able to pull this off because I studied and put in my best effort.

Freya-chan gently stroked my penis.

「Ara..... ? it looks like you can still come some more.....very well、I'll squeeze it to the very last drop♪」

「We're doing 69 again ? 」

「Ahaha.....you endured my fellatio right ? But I couldn't endure what you did」

Then Freya-chan buried her face into my crotch and I came two more times inside her mouth.

~~~~~

~~~~~

「Haa.....haa.....T、This cock、unbelievable.....it seems to still be good for more.....」

Freya-chan while panting、held my cock and thought about what to do with it.

「.....Customer-san、can you add 500 gold ? 」

「.....I can, but.....」

「If it's come down to this、how about we secretly use contraceptive drug、and have sex ? 」

「Eh ? I、Is that fine..... ? 」

「It's a secret okay ? Now then.....」

As Freya-chan was speaking、the chime of the room rang、I got startled and a little scared.

「Ara、time's up」

「Eh、time's already up.....」

Freya-chan clung to me and embraced me.

「Customer-san、next time you call me、bring the extra gold for birth control okay ?

I'll make this bad boy satisfied with real sex next time♪」

「Is it OK ? 」

「This energetic cock、I also want to taste it.....promise ? 」

「Y、Yeah ! 」

With that、I had Freya-chan put my equipment back on、and went through reception and went outside.

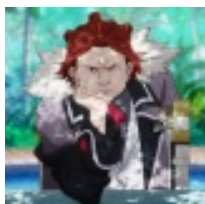

「Then、please pick me again～♪」

I waved my hand to the carefree Freya-chan、then left 「Bubble Mix」.  
Well、it felt good、but just 4 times wasn't enough、I still have this feeling of not being satisfied yet.

My “son” as well seemed to be crying out for more.

Then a pink sign board entered my vision、 「Pink Salon Aokinoko」.

### Pink Salon 「Aokinoko」 ★ (Pyuti-chan, Elenor-san)

Though I've come to this shop while using the console, this is the first time I came in person.

That's why I negotiated with the barker.

Regardless, there seemed to be 40 minute normal course and 70 minute-petal rotation course.

(TN: I did my SERIOUS research and learned that Petal Rotation is a course where multiple girls come one by one in turn to your service. Now, where can I buy this game? I'm willing to go hunt some dragons right now...)

I did not hesitate to pick the petal rotation course and paid 1200 gold.

I was not given the Portrait Book of the girls in Aokinoko. Apparently, at a Pink Salon, you don't get to see the girls beforehand.

I'm worried that I'll step on a landmine, but that worry is for then.

I was guided by a clerk into a dimly lit floor. There were two rows of sofas lined up on this floor and you could see some other customers spaced-out and enjoying their respective plays in the darkness.

The clerk guided me to one sofa and confirmed my drink order. I ordered tea and the clerk left for a moment then came back and prepared a cup of tea for me on the small table before me.

「Then、please wait until one of the girls comes over」

The clerk said so and left. I took a sip of tea while stealing some side glances towards the neighboring sofas to peek on what kind of plays they were doing.

It was dark so I couldn't see very well, but it looked like a girl was lying on the couch burying her face into a middle-aged man's crotch while moving her head up and down. It looked like a blowjob with good rhythm.

The customer seemed like he was trying to hold back from coming and was staring at the ceiling while gasping and breathing heavily.

Though I knew that these kinds of things are to be expected at a Pink Salon, it was different when I actually saw it and the dirty atmosphere made my heart start to pound.

Meanwhile, a girl came up to my sofa.

「Welcome～、I'm Pyuti de～su、please take care of me～」

(TN: I thought it was Beauty... but the first letter was P so I left it like that) Her body was wrapped in a red negligee-like dress, her hair was dyed brown and she seemed a little flashy. The girl wasn't beautiful, she wasn't ugly either. Average face with average figure, she was pretty average overall.

When Pyuti-chan sat down on the sofa, the clerk brought her a drink and left quickly.

「Customer-san、is this your first time here？」

「Ah.....No、I came here once but I wasn't able to enjoy the atmosphere.....so I came back again this time」

「Was it also a petal rotation course？」

「No、it was just a single girl」

「Hm～m、who was that girl？」

「E～to.....was it Papillion-chan？」

「Is that so～、Papillion-san is busy with a customer right now、so it's impossible to call her I think？ Hora、over there」

(TN: This one's exactly like "Maa", not in terms of meaning, but in terms of usage.){EN: It can mean Look! Or See!>}

When I looked to the location where Pyuti-chan pointed, Papillion-chan's figure could be seen doing fellatio.

「Today the Petal Rotation's time for each girl is short～、so let's begin okay？」

Pyuti-chan took off her panties and hung it at her ankle and took off her shoulder straps to reveal her skin, then she hugged me and gave me a kiss.

「\*chuu\*、\*mchu\*.....Ufu♪、you can touch me you know～？」

I devoured her lips while rubbing the somewhat small chest, while my other hand slid down to her crotch and teased her pussy.

「Ahn♪ Ufufu♪ Then, there's not much time so, would you mind stripping your lower half？」

I did as I was told and pulled my pants down to my ankles to expose my rock hard penis.

「Ama～zing、it's already hard～♪ then please excuse～me」

Saying so, Pyuti-chan sat down next to me and leaned me back against the sofa, then buried her face in my crotch, stuffing my cock into her mouth.

「Nn *drool* ! *suck* ! *drool* ! 」

Pyuti-chan's intense fellatio made dirty sounds echo through the room, she didn't use her tongue too much, but instead attacked and tortured my dick with her lips.

(Fellatio like this is also really good huh.....)

I lay down just like that, but this position seemed painful for Pyuti-chan, so she climbed onto the couch, lay horizontally, and continued to blow me.

Pyuti-chan sucked my dick violently while laying on the sofa, as her plump ass shook from side to side.

「.....your pussy、can I touch it？」

(TN: OMFG LOL){ED: Guards arrest this man}

「Nn ! *drool* ! Un、that's fine、*suck* ! 」

I reached my hands over her butt and gently stroked her pussy, sometimes

Pyuti-chan's lower back twitched a little but the intense fellatio never stopped.

In this position I couldn't enjoy her pussy to my heart's content and I could only lightly stroke it so I stopped and focused my attention on Pyuti-chan's fellatio.

「*drool ! drool ! slurp !*」

This time I don't need to hold it in, so I came as much as I wanted in Pyuti-chan's mouth.

「Nmu ! *slurp.....\*gulp\*.....\*gulp gulp\*.....*」

Pyuti-chan gulped down all my semen, took my penis out of her mouth and smiled.

「This is the end of my turn～。Well then、the next girl will come shortly、so just leave your clothes like that and wait okay～？」

Saying so, Pyuti-chan put her dress back on, took her drink and left.

I sat and waited with my lower half exposed and my penis still erect. This time, a Queen-like woman with long black hair and fluttering black negligee came up to me.

「Good evening、I'm Elenora desu～.....Ara、I heard that you just came、but it looks like you can continue on doesn't it？」

Saying so, Elenora-san sat down next to me, I finished the drink and reached out to embrace her, but my hand was lightly brushed away.

「Sorry... I dislike being touched.....but instead、I'll make you feel really good with my mouth.....fellatio is my specialty」

That being said, Elenora-san knelt in front of me and began sucking my dick immediately.

「Nn.....*slurp.....\*lick\*.....slurp.....*」

Only one thing can be said about this, Elenora-san's fellatio was wonderful. She sucks with her lips, makes good use of her tongue techniques, and twists it when it goes into her mouth, this might be what they call "Tornado Fellatio".

「Uu、Uuu !」

I got cornered in a blink of an eye and ejaculated lots in Elenor-san's mouth.

「Nmu.....\*sluorp\*.....\*gulp gulp\*.....\*lick\*.....regardless of your appearance、you sure released a lot、I like that」

I really don't get it, but it seems she likes me.

「Well then、the next girl will come soon.....there should be enough time for the third girl」

The fellatio was indeed wonderful, but somehow, she's hard to understand.

And then, the next girl came.

「Good evening、I'm Rachel desu~、please treat me well okay? 」

This time is a polite girl with pink hair and she seemed kind of like an idol. Timewise, this girl would be the last, I'll make sure I come a ton.

### Pink Salon 「Aokinoko」 ★ Part 2 (Rachel-chan)

「You already came 2 times、are you still good to go ?  
Then let's get started as there's not much time left、I'm already the last one」

Saying so Rachel-chan took off her pink negligee and her panties, let them hang around her ankles then clung to me while giving me kisses.

「Nn.....chuu.....」

I rubbed and groped her tits as we kissed, and Rachel-chan's body shivered.

「Nn ! Nnn♥」

(Hn..... ? She's really sensitive isn't she ? )

「I、I'm sorry、then、I'll put it in my mouth right away okay ? 」

Saying so Rachel-chan got down to all fours side-way on the sofa and slowly put my penis in her mouth.

「Nn.....Mchu.....*suck*.....\*lick\*.....」

(Oh、this is.....)

Rachel-chan's fellatio wasn't rough but, it was the legendary {ED (ㄟωㄟ)} Vacuum Fellatio, she sucked on my cock like a straw while licking it slightly with her tongue, she attacked my glans intensely.

Pyuti-chan and Elenora-san's intense fellatio were also good but, this sticky method is also really good.

「Chuu.....Mchu.....\*lick\*.....suck.....」

Continuing the fellatio, Rachel-chan's butt was shaking from side to side.

「.....can I play with your pussy ? 」

「Mchuu.....pwua.....it's fine♥ Are you going to lick it ? 」

「Eh、licking it is OK ? 」

「It's fine、but、you can't do it too violently okay ? Be gentle alright ?

Well then、please lie down.....」

I lied down to the sofa as told, Rachel-chan moved herself into the 69 position.

「Please lick me gently okay ? chuu.....mchuu.....suck.....」

I gently used my tongue to lick Rachel-chan's labia while she continued giving me fellatio which made her hips sway.

「Fun♥ fuun♥」 (TN: Please readers! Do not read this in english LMAO, it's pronounced 'foon' not 'fun'){ED: chocolate? CHOCOLATE!!!}

Just that much made Rachel-chan's lower back tremble, and her fellatio faltered.

Making this oversensitive girl cum is also entertaining, but my goal now is to ejaculate, so I'd better not be a hindrance to Rachel-chan's fellatio. I savored her pussy by moving my tongue really slowly.

「Fuuun♥ muchuu.....un♥ suck.....」

Rachel-chan admirably endured the pleasures and continued her Vacuum fellatio.

My 'son' reacted to the pleasure, after receiving such satisfaction from Rachel-chan's wonderful oral techniques, I released a huge load into Rachel-chan's mouth.

「Nn ! suck.....muchuu.....\*gulp gulp\*.....you let out so much♥」

After gulping down all my semen, Rachel-chan removed my dick from her mouth, helped me sit up, put her panties back on and sat down next to me.

「There's still a little bit of time、do you want to talk ? 」

Saying so, she offered me a drink.

「Right.....It was really satisfying」

Counting from the time at the Health Fashion, it's already my 7th time cumming, my son's also satisfied.

「Rachel-chan、I think you'll also be really popular in the brothels and health fashion、why did you choose a pink salon？」  
(TN: Quick reminder, Health Fashion is just prostitution is form of massage, Pink salon's also somewhat the same, just a bit different) Such a question was boorish, but I asked anyway.

「A ha ha.....I'm too sensitive、so I wasn't suited for Health Fashion。Before coming to this place、I was a prostitute in the Snowy Mountain Village health delivery service, but what I felt and experienced was that the number of jobs became too many and it got too hard for me.....」

「He~、Snowy Moutain village's prostitute huh？」

「There are some of them there。  
Like、it was cold so people seek for body warmth.....」

After that, I listened to Rachel-chan's old stories about the time when she was a prostitute in that village until the time's up.  
According to Rachel-chan, this shop seems to accept normal courses too.  
Next time I come, I'll pick Rachel-chan again, she accompanied me to outside the shop and placed a kiss on my cheek.

~~~~~  
~~~~~

I returned to my house from the Red light-district, I intended to go back to the real world when the advice of Ayakidou's owner suddenly came back to my mind.

According to him, items can be brought outside of the game but, they can be brought in as well.

I wanted to make sure if that's true, I took a Restoration Medicine out of the Item box, I operated the 3PS in my head and returned to the real world.

~~~~~  
~~~~~

I returned from the game and place the small bottle of green liquid onto the desk.

No doubt, this is the Restoration Medicine from Dorahun.

「It really is possible huh.....」

Using this system, I felt like some useful things could be done but.....。

「Oh well、let's go to sleep」

I jumped into my bed, feeling refreshed in my heart and slept to get myself ready for the next day ahead of me.

## A hunter's physical abilities

The next day.

I had gym class at school.

However, because exams for 3rd year students were drawing near, the PE teacher shouldn't really give us anything too difficult.

Today, the teacher took out a horizontal bar from the PE warehouse.

「The people who can do a big swing will receive a plus point into your official grade」{ED: Like a gymnastics [kind of swing](#)}

The PE teacher inspired us with those words, the sports-minded student one by one challenged it but most could only hang there and at best they could almost do one chin up.

「Senseー、this is impossible、this kinda thingー」

Other students started to boo.

「Hahaha、of course、there aren't that many people who can do it like gymnasts on the TV。

Even in University tournaments、most of the performance ended up having to use a chin up to land」

When I heard that, I wanted to test out my physical abilities.

「Sensei、I'll go next」

「Fujisaki huh ? Hahaha、fine、go ahead and try」

When I stood under the bar, as if jumping onto a cliff in the game, I made one step and jumped at the bar, then used that momentum to lift my upper body up in one go.

From the crowd, surprised cheers could be heard.

(.....seems like I can do this.....)

「Sensei、if I can do a big swing I'll get a plus on my grades right ? 」

I said so while supporting my body with my arms locked straight on the bars, the PE teacher seemed to be confused.{ED: Like [this](#)}

「Fu、Fujisaki ! Don't ! It's dangerous so stop ! ! 」

「It's fine.....heii」 (TN: something like heave-ho)

I didn't listen to him, and decided to focus then flexed my arms and made a big swing, then stabilized myself above the bar. (TN: He did the two-hand stand right above the bar...) The crowd exploded in cheers, but the PE teacher seemed panicked.

「Fu、Fujisaki、it's dangerous so get down quickly ! ! 」

「Ye—s、I'll get down right away.....heii」

I bent my arms and took advantage of the recoil and to throw myself from the bar, without rotating or twisting I landed on the mat, I did a landing pose like those pro gymnasts.

My classmates became extremely excited and I received thunderous applause. The PE teacher walked up to me and grasped my shoulders.

「Fujisaki..... ! Yo.....You..... ! Why have you been hiding your physical abilities..... ! People like you、they can receive as many recommendations to sports universities as they want to..... ! 」

「Naah、today my body just happened to be in good shape。  
Leaving that aside、my grades will be improved right ? 」

The PE teacher was startled and made an amusing face.

「I'm just kidding、sensei、my grades are fine as they are already」

After that, a classmate waved to me and asked asked me how did I do that, but I gave them evasive answers.

Judging from how I'm feeling my body right now, I seemed to be able to do even more absurd things.

What the owner of Ayakidou said seems to be true.

Like this, even if I failed my tests, I would still be able to become a famous baseball player or soccer player, a life as a top-class sports player is possible.

In other words, in regards to my future, I have nothing to worry about.

~~~~~  
~~~~~

Even if that is the case, I should still be studying as insurance, just in case.

For that reason I decided to have a secret weapon, I thought about bringing my study materials in the game when I return to Dorahun again.

### Studying while frequenting the brothels in the game

Just as I imagined, I succeeded in bringing my study materials into the game world.

I immediately spread my notebooks on the desk inside my house, the room-service Nekomu girl gazed at me with a puzzled look in her eyes as I started studying for exams.

According to my experience, no matter how much time had passed inside the game, in real life only a short while would pass.

In other words, I can take as many days as I like to study without even the slightest care.

But it's stifling if I just study, I'm a person who, when facing a long study session I easily get horny, so if I ever got tired of studying I'll head straight to the Red-light district.

Thus it is possible to go through 10 days of studying and frequenting the brothels.

And if I ever run short on money, I'll return to the real world and participate in an Event Quest to farm those Eggs again so there's no need to worry about money, a hunt like that in real world only takes around 2 or 3 hours.

By frequently visiting the brothels, I will have become an honored guest. This is something I learned from the net but, sex services like this appreciate guests who repeatedly returns to use their services.

If Kashima-chan is available at Dragon Brothel I'll nominate her so I can kiss

and come inside her to my heart's content, in case she's not available, I'll hide the Great Contraceptive Drug in my Item box, then go to Bubble Mix for Freya-chan, and have special mat play service while having sex and cumming inside Freya-chan, then if I'm already satisfied and go into dessert mood I'll go to Pink Salon and nominate Rachel-chan, but if time ran out at Bubble Mix and I wasn't satisfied, I'd go with the Petal Rotation at Pink Salon to have 2 or 3 girls service me one by one.

Continuing to do that Kashima-chan, Freya-chan, and Rachel-chan recognize me as a patron, and the originally good service would go up even further.

While staying at the Red-light district, even if I go back to my house in the game and sleep it would only take one day, I'll enjoy studying and doing women at the same time to my heart's content.

I immersed myself studying in the game like that everyday for 10 days and as expected, got tired of it.

So I put my studies aside and tried to go hunting, which was the original purpose of the game.

First I'll pick quests to subdue small-sized monsters, I wanted to test what kind of damage I'll receive, I'll receive only a small scratch even if a small monster bit me.

I decided to go challenge the Nekogakurunya Dragon.  
(TN: Lol the dragon's name...it literally means 'Cat goes meow')

The first time I looked at the Flame Dragon I was nervous as expected, when I fought it I was carelessly hit, and just by that single blow it felt like a fatal wound and I couldn't get up, this thing can't be real.

In Dorahun Cross, players can freely choose between 4 styles, I chose the Bushido-style that highly emphasizes Evasion, once I got used to it there was plenty of room to dodge attacks.

And then, though I understood how to hunt inside the game, but this kind of perspective was more troublesome than when I was playing Dorahun from the real world, for example when inside the game I had to actually look around in first person to see "Where has the monster gone to?", that said, hunting from

the real world is way easier.

In conclusion, I got used to the Bushidou-Snake style, went to hunt the Nekogakurunya several times and was able to create higher-ranking Nekoga Equipment.

With Bushido-style and Nekoga equipment, evasions efficiency skills became useless, but that's only for now, since there's Evasion Distance UP it's still fine.

Then, honestly if you think about the kinds of ranked equipment you can make, they have effects that make them cheat-like, and you can make as many as you want.

Well, since the purpose of Dorahun is mainly to have fun, I'll cast that aside, for now I'll show off my ninja-like Nekoga Equipment to Kashima-chan...

「You look really cool～♥」

or so she flattered me.

After finishing up my studies and my play, I went to the Snowy Mountain Village to try out something called Deriheru there.

(TN: Deriheru = prostitution){delivery “health” services}

### Delivery Health seeking, to Yukiya Village

In Dorahun Cross, the setting of the game is that, players are dispatched to various places as members of a research organization called the Dragon Institute.

That's why a house was prepared as a base for me in each town. Since you can receive quests from any given village, to be honest, it's just a matter of the hunter's taste when deciding on a village.

In Snowy Mountain Village, monster ranks and sales were recorded in a software that people usually called 「Dragon Hunter Portable DOS」 and it became a common topic among the young generation of Dorahun players. When I was a school student, my friends and I used to gather here and play around on all sorts of quests.

It feels good to drift in my nostalgia, but this time my purpose here is Delivery Health.

I got information about the Delivery Health from a young man in the village that looked like he'd be interested in erotic things.

According to him, there's an introduction agency in the village where everyone comes to be introduced to the shops, the girls will also be dispatched from there.

I was told to go to the outskirts of the village and entered a small building, there was a neatly dressed youth waiting inside.

「Welcome!.....Oh, aren't you the hunter-san from the Dragon Institute. Are you looking for a certain shop?」

「Ah—.....right, yeah。」

It's my first time looking for a Delivery Health, so I thought that you could tell me various things if you please」

「Understood、these are the basic plays for each shop」

According to the clerk, it seemed like it was basically Health Fashion without mat play.

「Then、for each girl there are possible options and no good options、so please discuss that with the girls directly」

「Option huh.....」 (TN: Option-shiki? Denpa kyoushi?)

I wanted to know so, I half-jokingly asked the clerk.

「Is real sex alright ? 」

「.....every shop is the same、sexual intercourse is prohibited」

There seemed to be something hidden in his words, so I gave him 500 gold from my Hunter Card as a tip.

「Get yourself a drink。

.....I kinda wanna hear more stories～、or something like that」

「I will gratefully receive your gift.....that's right.....every shop is the same in prohibiting sex. However, if you prepare the Great contraceptive drug、then directly negotiate with the girls、it has nothing to do with the shop、and you won't have to take responsibility」

「So that's how it is.....」

If you want the real thing, then it's your own responsibility to get it, or so it seems.

「May I ask how much of a budget you have for today ? The introductions to shops will vary based on that」

「If it's about money, then there's no need to worry。

I have enough money to go to Dragon Brothel many times、just introduce me the best shop with cute girls and good service」

「If that's the case then.....as expected, it's「Setsugetsuka」。(TN: This sounds way better than Beauty of four seasons... so I'll keep it at Setsugetsuka)

{EN:Could be “Snow, Moon, and Flowers” as well}

Among the Deriheru of this village、it has the richest services、the girls are all excellent、revisit rate is also high.....in addition、「Setsugetsuka」has a special play course」

「Special play？ What kind？」

The clerk whispered each word into my ear.

Just by hearing what he said, I got excited and a little hard.

「All the girls in that shop will do that？」

「Girls that are NG with it exist、but most of them are OK-desu」

(TN: NG means saying ‘No Good’)

Hearing that I was about to ask about that shop when I suddenly recalled seeing something on the net about sexual services, so I asked the clerk.

「That shop、can I do a 3P？」

「3P is it？ Yes、Setsugetsuka does offer 3P courses」

Today would be last play, so I’m in an energetic and playful mood.

「Well then、a Special-play 3P course is possible right？」

「Understood、how much time would you like？ You can also pay for a whole night」

「Hmm.....This is my first time here、so to try it out、I’ll go with 3 hours for now。

If I really like it then next time I’ll do a whole night」

「3P course、special play、3 hours、it would be 7000 gold is that okay？」

「That’s fine、no problem」

「You can pay 100 gold to specifically pick a girl、but since this your first time、can you tell me what kind of girls you prefer？」

「She should be cute、with good service、and if she even has good style then I certainly won’t complain」

Thereupon, the clerk had a flattering expression on his face.

「.....If customer-sama pay 1 000 gold in addition、 I can suggest a girl to your preferences.....」

Ahh, so that's how it is, this shop wants to earn secret pocket money huh...

「I'll just give you 2000 gold right now。  
Gimme the two cutest girls you got」

「Thank you very much.....I have received 2000 gold。  
The other 7000 gold with Option-fees, please pay it directly to the girls」

「Can I change them if I'm displeased ? 」

「Yes、 but、 it would be 1 00 for every time you change your mind」

「Understood。  
Then、 I'll wait at my house, ok ? 」

「Yes、 you can see the girls as soon as they finished their preparation」

~~~~~  
~~~~~

After nervously waiting for 30 minutes at my house in Yuki-yama Village, there was a knock on my door.

「Good evening～、 I've come from Setsugetsuka～、 may I come in～ ? 」

「Ah、 I'll open the door now」

I said that while opening the door, two completely different looking girls stood there.

One had dark tanned skin with long blond hair like a real gal gal girl, she had a short skirt on and clothes that exposed her tanned skin unsuitable for a snow-covered mountain, she also had thigh high boots without stockings.

The other girl seemed a little timid with slightly drooping eyes, she was wearing a thick coat, but it couldn't hide her slender body and huge breasts.

「I'm Reimi、 nice ta' meet' cha～」

The blond girl introduced herself.

「A.....Ano.....I'm Anri .....please take care of me」

(TN: Erm... Are you perhaps a cousin of Enri in Carne Village?) Anri-chan said so while removing her hood and revealing her blue ponytail.

「Are the two of us OK～？」

The two of them were very different, but both were cute nonetheless.

「Yup、no change is needed」

「Thanks～」

「Th.....Thank you very much」

I invited them into the house and asked them the crucial question.

「Special-play is OK for the two of you right？」

Reimi-chan laughed while answering.

「Ah、anal fuck？ we're both okay with that～」

(TN: Bloody hell!!! She literally said ANAL FUCK){EN: Konichiha~desu Anaru Faku desu~}

### Delivery Health 「Setsugetsuka」 ★ (Lightweight, Wash)

The two of them entered the house and cheerfully approached the fire and warmed their hands.

「Aa～、so warm I feel alive again～.....it's snowstorming like crazy outside～。Did Kusha come out or something～？」

(TN: It's maybe a reference to Kusharudaora from Monster Hunter – thanks Osura-san) 「Haa.....I'm revived.....」

I looked at their asses while they were warming their hands and asked.

「What Options are available？」

「Option？ Aa、please look through this and decide～」

Reimi-chan took out a sheet of paper from her bag and handed it to me, I took a look at it and there were various plays listed there.

Panties Violating is just what sounds like, and dildo must be the so-called vibrator.

I didn't understand the "Rough-sketch" at first, but when I thought about it, it seems to be equivalent to Polaroid photographing at Delivery Health in the real world.

So that's how it is, even if there are binoculars, this world has no camera, so roughly sketching a picture would be the souvenir.

Since I'm not an artist, let's leave this aside.

「Hn～.....Masturbation and Urination viewing、and then Bring-home-panties are the things I'll request from the options、is it OK？」

「I'm OK with anything～」

「A.....Ano.....Urination is NG for me.....because I can't just do it out of nowhere.....」

「Yeah、got it、then Masturbation and Bring-home-panties for two people、and Urination for Reimi-chan」

「Okay、masturbation will be 300 gold per person、Bring-home-panties is 500 gold/person、Urination is 200 gold, is that good？」

「No problem.....and then、are you two OK with real sex？」

「Eh？」

Reimi-chan giggled.

「Customer-san、not only anal but you also wanna do the pussy？」

「A.....Ano.....for anal sex、if your penis isn't hard enough to a certain extent then it's impossible.....」

「If you came inside the pussy then move on to anal fuck、but your penis already shrunk、your money won't be refunded you know～？」

「All good、I can come as many time as I like、and it won't lose its hardness」

「Really～？」

They glanced at each other and whispered something in silence, they seemed to be discussing a lot of things.

「Great contraceptive drug、did you prepare it～？」

「Yup、for both of you、everything's all prepared」

I took out two small bottles from my Item box and put them on the table.

「Then、each person is 500 more gold and you can do our pussies～」

「Got it、that's also fine」

「Kay！」

Reimi-chan stretched herself in front of the fire.

「Then let's get started～、please lead us to the bathroom, we'll wash ourselves～」

「P、Please take care of us.....」

「Same here」

I led them to the bathroom, and the first thing they did was strip me. My armor had already been removed so only my underclothes were left, so it was easy.

When my underclothes were removed, a superb article was released, *bin* it soared upwards making Reimi-chan giggle and grab it to play with it.

「Amazing、it's so big and hard ain't it?」

「.....」

The look in Anri-chan's eyes seemed to change, was it just my imagination ?

Then the two of them quickly stripped themselves nude.

Reimi-chan's tanned skin wasn't sunburnt, it seemed like it was this color since birth.

Reimi-chan's boobs were quite big, but Anri-chan's were even bigger.

Anri-chan's areola were pale pink, and a little large, but her nipples were inverted so I couldn't see them.

「Anri-chan has inverted nipples ? 」

「Please don't stare too much.....I'm self conscious about them.....」

「Anri's nipples do come out but～、how's customer-san's techniques I wonder ～ ? 」

「I wonder the same thing」

Though I think I already got used to doing women after so many times at the brothels, I honestly don't know because I've never made comparisons between them.

「Then、let's wash ourselves～」

The three of us entered to bathroom, Reimi-chan took up her position behind

me, then started to apply body soap on me.

「Then、I'll wash your behind、Anri will take care of the front okay～」

With that, the washing started.

Reimi-chan didn't just wash my anus, but my entire butt, she also gently washed my back and my legs.

In Anri-chan's case, after quickly washing my chest, she focused on my crotch and washed it with enthusiasm.

In other words, this is the perfect washing session that spares no space on my body.

Anri-chan held my balls in one hand, rubbed my body clean, and washed my penis up and down with great determination.

「.....haa.....haa.....」

I hadn't touched her yet, but somehow Anri-chan's breathing became rough.

「Anri～、you don't have to rush you know～？ There's still lots of time～」

「It's fine even if I ejaculate here、I told you right、I can go many rounds」

「We don't really know about that do we、hora、Anri、do it moderately okay～？」

「Y、Yeah.....」

Anri-chan's washing slowed down and became gentler.

「Hey、what will you do？ I'm about to pee、do you wanna see it now？」

「Right.....If possible、I want to see it while you masturbate、let's go to the bed then」

「Your bed is going to get dirty、is that alright～？」

「I don't mind」

The one who cleans the place is the Nekoru girl so...

(TN: OMFG!!! ARC YOU FUCKING SCUMBAG LOL)

After washing we wiped our bodies, Reimi-chan seemed to remember something.

「Ah、that's right、I forgot to say、seriously serious, give me something to drink、I have to pee and all so...」

I took out a cup filled with water and gave it to Reimi-chan, she drank up all of it.

「Fuu、then、I'll start masturbating ! 」

「Ah、wait a minute、can you leave your panties on at first ? I'd like it to be stained a little bit」

「Eh ? Kono Hentai、Pervert」

Reimi-chan lightly laughed at that, but both of them did it and left their panties on while settling themselves at the edge of the bed in a line facing up, then spread their legs towards my direction.

Reimi-chan's flashy panties is pink with black pattern, it was pushed in revealing the her labia.

Anri-chan's panties was just a normal white silk one, with lace ornaments on.

「Well then、let's begin」

Reimi-chan spoke and the two of them started rubbing their pussies over their panties.

### Delivery Health 「Setsugetsuka」 Part 2 ★ (Masturbation enjoying, Urination)

「Ahn♪ haa.....Nn ! Haahaa.....this's some serious shit here.....」

Reimi-chan started off massaging her breast with one hand, she got that done in a hurry, then reached down to caress her clitoris through the panties, she used her other hand to rub fondle her pussy and rubbed herself.

It seemed to be a bit irritating to just rub indirectly through the cloth.

Reimi-chan started to feel it as her body shivered, on top of her tanned-skin breasts her pink nipples shook back and forth. The contrast in colors was tantalizingly hot.

「Nn..... ! Aa Aa.....Mnn~ ! Haa.....haa.....」

Anri-chan on the other hand, was daringly rubbing and embracing her left breast while violently rubbing her pussy through the cloth of her panties.

.....I've been viewing her as a timid girl, but she's surprisingly aggressive ?

While fondling her breast, Anri-chan also used her finger to rub her nipples, but it seems like her inverted nipple hasn't shown itself yet.

I thought it looked pretty stupid to just stand there and watch them, so while the girls were masturbating, I started whacking off.

「Haa haa.....Ah, Hey ! Don't just jack off.....what happens if you come just like that.....Ahn ! 」

「I told you, I can go as many rounds as I like to.....hora hora」  
{ED: HORAHORAHORA Star Platinum}

Both of them watched me stroke my big dick.

「Mou.....Anal aside、you gotta save enough to fill our pussies～.....Nn ! 」

「No worries、whichever hole it is, I'll fill them all up.....」

「.....haa haa.....Mnuu ! ! 」

Watching me jack off, Anri-chan's masturbating became even more violent. I looked at their panties and they were all soaked in love juices.

「That should be enough.....hey you two、you can masturbate without the panties now」

「Nn.....got it.....」

「.....haa haa.....」

Both of them closed one leg and raised their waist to take off the panties, put them to one side of the bed, then once again resume masturbating with their legs spread into the M pose.

「Haa haa.....Ah shit.....」

「Nnuu ! Nn ! Nn ! 」

Reimi-chan's blond pubic hair was slightly thin, it looked like it was shaved, but upon looking more carefully, the pubic hair took on that form on their own. The shiny color looked good on her tanned skin, her pink clitoris was also bigger than average.

Reimi-chan teased her big clitoris with one hand, while the other dug slightly into her pussy and stimulated it.

Reimi-chan's love juices' viscosity seemed to be pretty thin, every time she rubbed her pussy there were little *picha picha* sounds coming from her splashing love juices.

「Reimi-chan's clit sure is big.....do you prefer it shallow ? 」

「D、Don't say that idiot ! Aa♪ Aa♪ Just a little more, cumming..... ! 」

Then onto Anri-chan, her light blue pubic hair was thicker than normal, but the hair on the labia was all taken care of.

Her areola were also a pale skin-color, her clitoris was of average size, but it was standing *piin* erect.

Anri-chan seemed to be more of the vagina-group rather than clitoris as she

plunged 2 fingers deep into her vagina and violently pistoned into it.  
In contrast to Reimi-chan, Anri-chan's love nectar was stickier, every time her fingers went inside her vagina, obscene *nucha nucha* sounds came out.

「Anri-chan likes it deep inside ? 」

「Nn ! .....Y、Yes.....only plunging it deep inside.....would make me completely feel it.....Nn uuu ! ! 」

As the two of them nearing to climax, their fingers became more violent, I also took a stronger stance and jerked off violently.

「Aa♪ Haaa ! It、It's.....coming..... ! Nn♪ Ah Ahh ! ! 」

「Nnnn ! Uuu ! Aaaa ! I'm、I'm going to cum.....very.....soon..... ! 」

Reimi-chan was the one who reached climax first.

「Aahhh ! CummingCumming ! ! I'm cumming ! I caaame ! ! It's coming oooooout~~~~~ ! ! 」

Reimi-chan bent her back like she was doing a bridge, with her arms spread wide, shaking and trembling. Then *Pssshhhhhh* urinated vigorously.

Next was Anri-chan.

「Aaa ! ! Cumming ! I'm cumming ! ! Aa ! N、No good ! Cummmiiing ! ! 」

Anri-chan took the fingers out of her vagina and, in contrast to Reimi-chan, closed her legs and curled up while shaking and trembling violently, however Anri-chan too, let out a clear stream of liquid in a parabola.

The scene of these two girls cumming and peeing made me excited, I stroked my dick even harder to finish.

「Cumming ! I'll splash it on you ! ! 」

I declared and magnificently came, shooting semen on both of them.

「It.....It's hot.....haa haa.....」

「Haa haa.....uwa...how much are you gonna come? You.....can you really come again ? 」

「Rest assured、I told you right、I can come as many times as I like」

I showed them my still-towering cock.

「Uwa.....seriously crazy.....」

「.....haa haa.....」

Anri-chan meanwhile, reached towards her belly and gathered some semen in her hands, put her fingers into her mouth and sucked on them, savouring the taste.

I'm convinced.

Anri-chan might appear to be a timid girl, but she's actually a hidden pervert.

I was still in the heat of excitement so I decided to spread their legs and drew closer to their crotch, first would be Reimi-chan.

「I'm licking you.....」

「Wa、Wait a minute..... ! Lemme wipe it first..... ! 」

「Nope、this is good enough」

I plainly declared and attached myself to Reimi-chan's pussy.

### Delivery Health 「Setsugetsuka」 Part 3 ★ (Cunnilingus, Real sex)

「Aa.....Aaa.....Wai.....It's seriously dirty.....Aaaa ! ! 」

I ran my tongue all over the pussy that just pee'd and tasted it thoroughly. It was a little bit salty, but it was only to that degree so I didn't even sense the taste of urine.

Seems like all of Remi-chan's body fluids are pretty diluted.

While sticking my tongue out to taste the pussy, I looked up.

「Anri-chan.....it's gonna be your turn shortly so don't wipe yourself yet.....」

「Y、Yes.....haa haa.....」

Anri-chan started rubbing her own breasts.

「Well then、let's make you cum.....」

After saying so, I buried my face back into Reimi-chan's crotch 「Wai、Aa aa ! W、What is this.....this's seriously dangerous.....Aahn ! 」

I licked Reimi-chan's big clitoris, then put my finger into a shallow spot of her vagina and stirred her up while stimulating her G-spot.

I continued doing so, and soon Remi-chan reached her limits.

「Aa ! Aaa ! No good.....cumming again..... ! It's coming out again ! C、Cumming ! ! ! ! 」

Reimi-chan convulsed violently, and apparently there was some left from earlier, but pee came out of her urethra and ran down my chin and chest.

「Haa.....haa.....sorry、it just kinda came out.....haa.....haa.....」

「Don't worry about it」

I took a deep breath and separated my face from Reimi-chan's crotch, this time I knelt down before Anri-chan's feet.

「Let's also make Anri-chan cum.....」

「Y、Yes.....」

I brought my face close to Anri-chan's pussy, and instantly a female scent hit my nostrils. The smell of pee and her sexual juices.

(TN: The actual sentence was so messy I had to put it in a completely different way){EN: I gotcha covered}

But even so, it was in no way unpleasant, rather, it was a sexy smell, filled with pheromones, that appealed directly to my instincts.

I licked Anri-chan's pussy as if I was a bee drawn in by the sweet scent of a flower.

「Aaa ! Nnn..... ! Good..... ! 」

The taste of urine was strong, but even more than that, the overflowing love juice was rich and overpowering, making me giddy.

「Nn..... ! Nnn..... ! 」

After tasting Anri-chan thoroughly, I proceeded seriously try to make her cum.

「Haaaa ! ! A、Amaz、ing..... ! A、A、Aaaaa ! 」

Since Anri-chan only feels it if it's deep inside her vagina, I put my middle-finger and ring-finger into her pussy and twiddled them back and forth while pistoning and prodding at her uterus.

With my tongue licking her clit and my hand inside her pussy, I also sometimes slurped in the thick love nectar with my mouth.

Then with her deepest part being teased, Anri-chan soon reached her limits.

「Aaa ! ! Cumming ! ! I'm cumming ! Aa Aa Aa !  
Cumming..... ! ! ! ! 」

Anri-chan didn't wet herself again, but real love juices dripped out and soaked my fingers.

I lifted my face from her crotch and saw Reimi-chan squirming and rubbing her

thighs together.

「I made you wait.....Now I'll poke you with this hard thing right away.....」

「Not.....Not that I'm waiting for you or any~thing ! 」

(TN: Fucking hell... tsundere prostitute... is this some new trending?) I pierced the pretending-to-be-tough Reimi-chan from behind while she was on all fours.

「Aahh ! ! This cock.....amazing.....it's hard and hot like a hot iron pole..... ! Nnnn ! ! 」

I piston into her G-spot as much as I could, while stimulating her shallow spots I randomly thrust in deeply at times.

Though Reimi-chan's pussy was shallow, it tightened up a lot so it felt really good.

I unintentionally looked over, and saw Anri-chan crawling in from under, she seemed to wanna join us.

「Aa Aa Aa Aa ! ! I、I can't.....endure this.....Cumming ! ! Cumming again ! ! ! ! 」

Reimi-chan bent her back and shook as she climaxed and she clamped down tightly on my dick. It felt so good that I came inside her.

Semen flowed out from the shallow vagina, it dripped out and fell onto Anri-chan's face.

I took my dick out of Reimi-chan's vagina, and Anri-chan took my semen and love juice covered dick from below and sucked on it.

「Nmu.....\*suuck\*.....A、Amazing.....it's still so hard.....」

「Now it's Anri-chan's turn」

I reluctantly removed my dick from Anri-chan's mouth, I'll penetrate Anri-chan in missionary position.

「Nn aaa ! ! 」

Anri-chan seemed to like it rough, so I went full speed mode and pounded her deep inside right from the start.

Anri-chan's pussy was also extra tight, but more than just that, her love juices were syrupy and her insides were steaming hot.

I hit against her uterus, while violently groping her breasts and sucking and licking her left nipple.

True or not I have no idea but, I remember reading on the internet that human's heart is closer towards the left, so the left nipple is more sensitive. I fully mobilized my knowledge studied from AV and tease her nipple while moving my hips.

「Hii ! Hyaaaaa ! ! Ama、Amazing ! Nn ! Hnnnnnn ! ! 」

Before long, from Anri-chan's large areola, a cute little nipple popped out.

「Uwa—.....it's been awhile since I've seen it、Anri's nipple.....」

Reimi-chan seemed to have settled down as she slowly fondled and played with Anri-chan's nipple.

Anyway, with my intense top-speed mode going on, I soon neared my limits. I was ready to come, but at that moment Anri-chan came before me.

「Aahhhh ! ! Cumming ! I'm cumming ! I can't take it anymore ! Cummmmmmmmming ! ! ! ! 」

Anri-chan convulsed, her love juices overflowed while she twisted and clamped down on my dick, that triggered my ejaculation and a huge load of cum.

「Haaaa..... ! 」

I removed my penis from the still-twitching Anri-chan, my son still stood [piercing towards the heavens](#).

(TN: Imao Pun approves this)

「Damn、what are you、really.....」

I lined up with Remi-chan's butt, massaged it a little and took aim at my next target.

「Next is anal.....loosen up」

When I was about to go into her butt, Reimi-chan asked me to wait.

「Wai、Wait a minute ! We need lotion、it's no good if you tear my ass apart.....」

Saying so Reimi-chan reached to her bag and started looking for something

inside, I also took a short break, and used a finger to flick the cute nipple of Anri-chan, who's lying flatly exhausted next to me.

「Ah.....♥」

## Delivery Health 「Setsugetsuka」 Part 4 ★ (Anal fuck)

Reimi-chan asked me something while applying lotion to her ass.

「Have you ever done anal before？」

「No.....this is my first putting it in the ass」

「Then、let me be on top.....lie down face up please」

As told, I lied down face up with my dick pointing at the ceiling.

Looking at my cock from the side, Anri-chan applied lotion to her ass while playing with her breasts and nipples.

「Okay I'm putting it in.....Nn ! Nnn !」

Reimi-chan straddled my hips and slowly squeezed my cock into her anus.

「oo.....」

I let out a sound as I felt the strange sensation of being inside her ass.

The entrance was really narrow and tight, but once I got inside, I was surrounded by hot and soft flesh gently stimulating me.

「Nn ah..... ! It's hard..... ! Nn ! Nn !」

Reimi-chan slowly swung her hips up and down.

I felt a little stupid just lying there, so I decided to start moving my hips as well.

(If I remember correctly.....when doing anal it's fine to do small movements)

Using my little bit of knowledge about it, I started to shake my hips rhythmically.

「Wait ! It's only just the beginning、but why... is it.... So good?.....Nnn ! !」

Since this is pretty interesting, I reached up from below and gently massaged both of her tanned-skin breasts.

「No..... ! That's、That's too much..... ! If、if it continues like this..... ! I、I'll cum from my ass ! 」

Reimi-chan's breathing became rougher as her hips shook more violently, I matched my thrusting with her movements and sometimes stuck it in deep.

「Aaaaa ! Cumming ! I'm cumming from my ass ! I、I can't take it anymore ! Cummiing ! ! ! ! 」

Reimi-chan's whole body trembled as she came from her ass, she tightened up like crazy and squeezed my dick, I came as she wrung out my penis.

「Nn ah ! Nnn ! .....haa haa.....le、let me rest a little.....」

Reimi-chan shivered while pulling my cock out of her anus and just sprawled on the bed.

Of course, my penis still stood piercing the heavens.

(TN: Hahaha... Pun's gonna like this again){ED: Like his drill}

「So that's how it is.....I pretty much understand how to do it now.....next is Anri-chan's turn」

「H、Hiii..... ! 」

(TN: Readers, don't read this in English... it's "hee" ... not "hi" LOL){ED: Fear the penis fear}

Anri-chan seemed to be a bit frightened of my matchless stamina.

I gently hugged Anri-chan from behind while she was on all fours, then completely inserted my penis inside of her ass.

「H、Hard.....It's hard.....ah、and hot.....Aaa ! 」

It was the same for me.

Anri-chan's entrance was really tight and narrow, but the insides were really hot. But even if that's the case, she was a lot wetter than Reimi-chan, especially with the help of lotion, I started off with small movements and sometimes pushed deeply into her ass.

「Aa ! Aahh ! Amazin'..... ! Nnnn ! ! 」

While plunging my dick into her ass, I hugged Anri-chan close to me, which she seemed to like, and vigorously groped her breasts.

「Aahhhh ! ! 」

(TN: yep ahe-gao already...)

Before long Anri-chan slammed her hips back into me, and naturally that led to bigger and deeper thrusts inside of her.

「Aa ! Cumming ! I'm cumming ! It's coming out ! ! C、Cumming ! ! ! ! 」

Crying out, the insides of her asshole tightened, and Anri-chan reached her climax.

I also thrust deep inside of her and released a torrent of cum.

Anri-chan fell forward on to the bed, my penis revealed itself, and once again pointed towards the ceiling.

「.....Amazing.....what to do now.....」

「Haa.....haa.....Nee~、Reimi-chan、customer-san doesn't seem to be satisfied.....wanna do *that*..... ? 」

「.....that's the only way huh~.....」

「That ? 」

Reimi-chan answered my inquiry with a different question.

「You're a hunter right ? That you should have a Deodorization Stone right ? 」

Deodorization Stone is something used to fight away the stench attacks by monsters, a restoration-type item.

「I do have it.....but why ? 」

「Then、take it out、we'll both use our boobs and mouth to do this」

「Eh ? But my dick just went into your anus..... ? 」

「That's why we're using the deodorization stone、just take it out」

I didn't understand at all, but I took out the Deodorization Stone from my Item

box and gave it to Reimi-chan.

「Alright.....stay still for a while 'kay? 」

Saying so, Reimi-chan started rubbing the stone against my penis, which was dirtied with cum, intestinal fluids and lotion.

It wasn't painful, but seeing smoke coming up from my crotch was a rather ridiculous scene.

「Alright、your dick's all pretty again」

I looked at it and saw that the lotion and other dirty stuff were all gone, my cock became clean again.

「Heeh.....」

So the deodorization stone can also be used like this, I learned something new.

「Then、come sit here and face upwards」

With that said, Reimi-chan and Anri-chan kneeled on the bed facing each other.

「We'll satisfy you with our W-paizuri tit fuck and blowjob combo、let's go♪」

### Delivery Health 「Setsugetsuka」 Part 5 ★ (W-paizuri, Pillow talk)

I was invited to lie face up across their knees.

I was in the perfect position where both of them were able to stare straight at my erect dick.

「The more I look at it the bigger it seems.....heave-ho」

「Nn.....」

The two of them pressed their breasts against my cock and started to move up and down.

The gap between the sensations from Reimi-chan's firm and beautiful breasts and Anri-chan's tender and huge breasts' felt great.

They stroked my thing with their breast while their nipples tracing along my shaft, giving me a pleasant sensation.

「This.....it's good.....」

「You haven't seen everything〜♪ Nn.....\*lick\*.....\*suck\*.....\*lick lick\*.....」

「Reimi-chan、next is my turn to suck it okay？」

They licked my dick, which stuck out from the gap between their breasts. Reimi-chan's fellatio was more about using her tongue to lick, while Anri-chan's fellatio was passionately sucking my dick.

Being attacked from every direction by their breasts and mouths, I soon reached my limits.

「Ah.....it's coming..... ! 』

「Nn ! *sluurp* ! *slurp* ! *suuuuuck* ! ! 』

Like that, I came a loads inside of Anri-chan's mouth.

「Nmu ! .....*slurp*.....」

「Anri、gimme some of that too~」

They kissed each other and swapped my cum mouth to mouth.

「\*gulp\*.....How was that ? You satisfied yet ? 』

Reimi-chan asked triumphantly.

To be honest, if I made a [serious effort](#) I could come more, but time was running out, so I let my dick go soft.

「Yeah.....that's right.....it was pretty satisfying」

「Hehe—Un♪」

Reimi-chan moved her legs out from under my hips and sprawled out onto the bed using my arm as a pillow, while I gently played with one of her nipples. Anri-chan also laid herself down on my other arm, then, while looking slightly regretful, stroked my soft penis.

「Somehow~、it feels like we just finished a big job~、you're really amazing~♪」

「There's still time left、so shall we stay like this and talk a little ? 』

「Right.....is 「Setsugetsuka」 indeed the best shop in this place ? 』

「Let's see~、this is not something I should say myself、but me and Anri are both popular top-class Deli-girls in this place you know~」

(TN: Deli → Delivery Health → a form of prostitution) 「Are you including other places in this ? 』

「I don't think so but.....Yukiyama village is the most prosperous one for Deli-Health」

「Hmm.....then for an example、what's the specialty of Hot Spring Village ? 』

「They do have brothels there、but they're all pretty run down and their

reputations are pretty bad」

「In Hot Spring Village、rather than going to brothels、it's perhaps better to go to Red Lines」

(TN: I did my research, the actual kanji for this “Red Line” is ちよんの間, which cannot be TL-ed into any OK-sounding English, and wikipedia-sensei said it's originally called Red/Blue Line → just another form of prostitution) 「Red Lines huh .....」

Let's look this up on the net when I come back.

「Then what about the First Village ? 」

「There's no prostitution establishment there you know～」

「Ah、is that so ? 」

「But instead、when you go into the back alley、female hunters usually try to make some pocket money by being hookers」

「Hookers huh.....are there any risks ? 」

「About the female hunters in First Village～、while earning pocket money they also look for a hunting partner。

That said、if you have crappy equipment they might look down on you」

「I don't know a lot but、if you're a top ranking hunter then you can choose any partner you want」

「Hunting partners huh.....」

There's also that kind of treatment for NPC ? Tomorrow I gotta go ask the owner of Ayakidou。

「.....for an example、what happens if a G-rank hunter goes there ? 」

「G-rank ! ? 」

oth of them stared at me.

「I said、it's just an example」

「About that、I only heard rumours but～、if you're G-rank the other party would have to dogeza and beg you for it you know～」

「Hm～mm.....」

Up until now I've been avoiding meeting other hunters, but I should also go over there and check that out.....。

「.....what about Bijoorude？」

「Hn～.....since I'm not too into this I only heard rumours but～、hunters gather there a lot、so there's a lot of brothels you know～？」

「A、And、I also heard there are strip shows there」

「Strip show huh—.....」

I might as well go there and take a look.

「Ah、time's up」

「Nn～～～～つto」

Reimi-chan sat up and stretched.

「You、you're strong so、next time get the entire night。  
I'll suck out everything you got, got that?」

「Yup、if next time Reimi-chan and Anri-chan are available I'll go for a whole night」

「You do that♪」

The two of them casually put on their clothes, then drank the Great contraception drug.

It was free of charge, Anri-chan didn't mind it, but I still paid for Anri-chan's free urinating show anyway.

Then the two of them went outside and disappeared into the snow.

I slept on the bed for that night, then used the Blimp to return to Elna Village, I gathered my study materials and imagined myself operating the 3PS then returned to the real world.

After returning, I neatly put away my study materials, Reimi-chan and Anri-chan's panties were still in my hand.

I tried sniffing it, Reimi-chan and Anri-chan's scents were still there.

(TN: Oh god! Panties sniffer! Honto ni hentai desu ne!!) Then I completely locked them up in my desk's drawer, after confirming that time in the real world hasn't passed, I went to sleep.

.....that was a very long and dense "moment" .....。

### For the time being, let's aim for Top-Rank Hunter

The next day.....。

There was a surprise quiz on world history at school.

It was the same material that I studied when inside the game, so I finished the test with room to spare.

The teacher announced the answers so we graded ourselves and turned the test in, after checking everyone's grades the teacher gave me some rarely-heard praise.

I didn't have the top score in the class, but my grades did increase drastically.

The guy who sat in front of me, turned around and whispered.

「Oi、 what happened、 Nobuhiko、 yesterday gym class was also good for you.....are you doing something special ? 」

「I was just in the mood to study、 it's a coincidence、 just a coincidence」

「Hmm.....though that may be、 recently your aura has kind of changed.....you seem to have bulked up and your personality also opened up.....」

「.....probably my biorhythm is improved、 yeah that's what it is」

「So that's how it is、 biorhythm is it」{ED: how stupid can this guy get?}

「Hora、 sensei's going to catch us、 turn back」

The guy was confused but he turned back, I also took the opportunity to reflect on myself.

That's because, inside the game I studied extra hard, fought countless

terrifying monsters, and spent money several tens of times to embrace women, it's natural for my personality and appearance to stand out after all that.

From now on I'll have to do my best to not do my best, I heaved a deep sigh at that.

{EN: just say you started working out and studying dude...}

(.....Can't I do something about this somehow.....)

Right now, this is a bigger problem for me than taking tests.

Well if I can't do anything about it then I can't help it, so after school I stopped by Ayakidou to ask about the matter regarding forming an alliance with the NPC, that's the important thing here.

According to the owner, NPCs seem to need to be treated as actual partners in Dorahun Online.

In other words, they have their own judgement and attack monsters own their own.

Usually you can dress the NPC up in your favorite equipment, but as expected, you can't do that in the Online version.

In a sense, I feel like solo hunters are pretty busy.

After that, I spent 2, 3 days studying while doing Key Quests, and also Urgent Quests for the sake of increasing my rank.

Urgent Quest giant monster, Ostoderuwa was really tiring to fight solo, so I returned to the real world and fought it by playing the game.

It was easier fighting it from the real world like this, but somehow this bone covered monster is kind of confusing.

Anyways, the strength of the monster's blows is also different at different ranks.

Because of that, first I'll kill the Nekogakurunya to obtain the S-grade Nekoga equipment, doing the Key Quests I'll be able to reach HR – which is the highest rank before Top Rank – then I'll break-through and rise to HR7 rank to be able to accept the quest of killing the Old Dragon Shagamunakora, after many times of defeating this dragon I succeeded in creating the S-grade Shagamu Heavy Gun.

(TN: Hebii is referred to the HebiiGan/HeavyGun in chapter 1)

I stuffed the item slots with ornaments and fully charged enhancement stones,

feeling satisfied, I activated ballistic enhancement, a pretty awesome skill.

Of course, whenever I got tired of studying, I'd go on hunting and if I felt horny I'd go to the brothels, I also went back to Yukiya Village for a whole night of Delivery Health.

Kashima-chan, Freya-chan and Rachel-chan still give me lots of service as always, Reimi-chan and Anri-chan were also happy to see me coming back and got really heated up while servicing me.

Once, Reimi-chan was busy so I took Anri-chan alone for the whole night, together with Anri-chan's libido, we had sex until we were both weak like jelly, at the end Anri-chan was madly panting like a beast.

When I rose to higher ranking, I ran into shortage on gold, but there's a Relief Quests for hunters like this, 「Blaze Coal Mining」 was the name of the quest. (TN: Actual line: Dig up lots of hot coal okay?) {ED: Also one of the words is an anal sex pun}

If you clear this quest, it will give you a massive amount of Skill-supporting Gems, in addition to that you'll also obtain large amounts of rare ores, which can sell for very high prices.

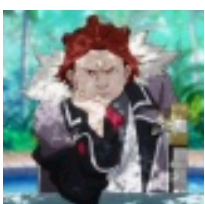

After gathering and selling the ores, I got around 1 million gold, my money problems had just been solved.

Then, since there are other ways to earn money, I only did the coal mining online moderately until I found a suitable amulet and then stopped. Thanks to the amulet, my skills can now auto-target enemies.

My current equipment is high quality, my studies are going well, and my relationships with women are also going well.

When things are like this, it is the sad nature of a man that makes me want to play around a little.

Thus, I returned to the real world and researched on Red/Blue Line, with the mentality of wanting to enjoy a light play I headed to Hot Spring Village.

### Hot Spring Village sex service

As planned, I used the Blimp to go to Hot Spring Village.

This Hot Spring Village is the next stage after Yukimura Village became the base village for 「Dragon Hunter Portable DOS」、it is the base village for 「Dragon Hunter Portable TRI」。{ED: Dos is 2 and Tri is 3}

With a lot of hype it became an even bigger hit than the previous work, this software was highly anticipated and it was usually called 「TRI」, it was a huge success.

Hot Spring Village has completely changed since the previous Dorahun Series, now the streets give off a feeling of「Peace」.

Thus I went into the game to take a look, steam from the hot springs was billowing throughout the town and the smell of sulfur wafted through the air.

In the regular version of Dorahun Cross you could not actually enter the hot springs. The only thing available was a hot footbath, but since I'm actually inside the game now, I can soak in those famous hot springs.

I stood up from the hot spring and had a drink, then walked around on a tour of the village. I get it now, Reimi-chan and Anri-chan were right, this place is more for tourists, there were brothels but they didn't look too good. I handled the invitations of barkers properly and went into an alley on the other side of the spring as I heard from a youth in the village who seemed to be into erotic things.

The Sun was setting so it was dark and the alley wasn't well lit so it seemed gloomy.

Upon closer looking, there were several 2-story buildings that looked like taverns where the lights were dimmed.

I approached a suspicious-looking bar, a barker came out to invite me in without delay.

「What do you say、onii-san、1 000 gold for an hour、it's real sex, and the girls are good」

Since I already got used this kind of thing, I pulled out 300 gold from my Hunter Card and gave it to the barker.

「My oh my.....hehe、thank you」

「Introduce me the most beautiful and young girl with the best service」

「Then it must be 「The Hot Spring Flower」's Yuki-chan.....her reputation is very good」

「Then、I'll take that girl」

「Yes、this way please」

I followed the barker, a humble signboard with a garden lantern hanging came into view, I was guided to a shop called 「The Hot Spring Flower」.

「Miss、this person is asking for Yuki-chan」

The barker opened the door saying so, standing on the other side of the counter was a middle-aged lady with a well defined body, she answered “Got it”.

After the barker left, the middle-aged lady invited me to have a seat at the counter inside the small shop.

I looked at her, so that's how it is, this is the so-called brothel madam it seems.

Aside from me, there are also 2 or 3 other middle-aged customers, they looked at me with great interest while sipping their alcohol.

Red/Blue Line is like this, from what I learned from the internet, two to three girls from one shop would accompany the customer, people waiting for their turn would be waiting while drinking and eating at the lower floor.

Bubble Mix had a waiting room where customers all sit together in one spot, but when that happens, the unspoken rule is to keep your silence.

But it's different here, there was a friendly atmosphere flowing through the shop.

The owner lady asked what I wanted to drink, so I ordered tea, and other customers got themselves alcohol.

「What's wrong hunter-san ~ ? Just have a drink、Yuki-chan won't be available for quite a while you know」

「No、I'm.....」

...underage, or so I wanted to say, but stopped myself midway.  
Right now, I'm inside a game.  
Meaning that I'm a game character, so it should be fine.  
There is no reason for laws from reality to be applied in a game.  
In fact, I already wielded sharp-edged weapons and even used a bowgun to take down monsters, but in reality if an amateur did that he'd instantly get reported to the police.  
More than that, during my hunts I already had meals consisting of alcohol and cheese with some other suspicious looking medicines and chemicals.  
That said, nobody would blame me for drinking a little bit of alcohol inside game.

「Then、I'll have some.....」

I said so and ordered some liquor.

I tried sipping it a bit, and my throat started to burn as the alcohol flowed.

~~~~~  
~~~~~

「Hunter onii-san、Yuki-chan is ready、can you stand ? 」

I didn't know how to pace myself since it was my first time drinking, so when I stood up I was staggering a little.

A Hunter's body is tough, it wasn't to the extent of unconscious, but drinking like this was probably a mistake.

When the owner lady opened the curtain inside the shop, from there a long blue haired beauty with a thin kimono that looked like a pajama emerged.  
Her facial features were somehow ephemeral, but her breasts were huge and

attractive.

「Customer-san、are you alright..... ? 」

She inquired with a pleasant voice, it took great effort to retain my mind.

「I'm.....I'm fine.....Are you.....Yuki-chan ? 」

「Yes.....can you climb the stairs..... ? 」

When I looked over, there was a very steep staircase, there were two Japanese-style room prepared on the second floor.

「Probably.....I'm fine.....nn」

I staggered while climbing the stairs, Yuki-chan clung to me and supported my body.

After climbing the stairs, Yuki-chan opened the sliding screen, I was invited into a gloomy room without even a single candle lit.

Inside the room, there were a small desk and a set of futon spread out.  
(TN: Futon is beddings... but since it's kinda different from american bedding I'll leave the romaji there... c'mon, you watched animes, you know what a futon is...)

Yuki-chan took off my equipment and put them into a corner of the room, on I sat down on top of the futon in my underwear and we stuck to each other's lips.

「Nn.....nmu.....nn.....\*lick\*.....」

How do I put this, there was quite a bit more feeling and sensation when kissing with a flushed body like this.

「.....Now then、let us begin.....」

### Blue Line 「The Hot Spring Flower」 ★ (Yuki-chan)

Yuki-chan removed the top of her kimono revealing her breasts. They weren't as big as Anri-chan but still pretty large, the room was gloomy so I wasn't sure, but her small nipples had a pale shade of skin-color and they were pretty assertive.

「Then、please excuse me.....」

Saying so Yuki-chan removed my underwear, my flaccid penis exposed its unshapely figure.

「H、Huh.....？ This is strange.....normally it gets hard the moment I see a naked woman.....」

「Is it different than normal.....？」

「Y、Yeah、normally I'm always troubled by having erections.....」

But Yuki-chan didn't panic or scold me, she just gently took the penis into her hand.

「Did you perhaps、drink a lot downstairs？」

「That's right.....that's the case.....sorry」

「Please don't mind it.....this quite common.....please leave this to me.....」

Saying so, Yuki-chan buried her face into my crotch and put my soft dick into her mouth.

「O、Oh.....」

Yuki-chan's fellatio wasn't intense, but very gentle, using her loving and caring tongue, despite that she controlled how it felt skillfully.

Being thoroughly licked in her mouth with the loving tongue, my dick started to brim with vigor again.

「Nmu.....\*suck\*.....Nn.....it's hard again.....how was it? Would you like to keep doing my mouth? Or do you want to put it in.....?」

「Un.....I'll do Yuki-chan's mouth for one round.....」

「Yes.....\*lick\*.....Nmu.....\*suck\*.....Nn、\*lick\*.....Nmuu.....」

Yuki-chan serviced me with her loving tongue and lips again and again, I got even more aroused.

Soon I reached my limits.

「Nn.....I'm cumming、Yuki-chan.....」

「Yes.....\*liiick\*.....nmu.....\*lick\*.....anytime you feel like it.....Nn.....」

Without restraints, I ejaculated from Yuki-chan's gentle oral service.

「Nmu.....Nn.....\*gulp\*.....\*gulp\*.....it's really thick.....」

After drinking the semen, Yuki-chan wiped her dirty mouth with her hand, then opened the hem of her kimono and revealed her pussy for me to touch. Her pussy looked as if there was lotion on it, it was really wet to the point of being slimy.

「.....You're already this wet.....it looks like there's no need for foreplay.....」

「Yes.....、whenever you're ready you can put it in.....」

Yuki-chan said so while lying down to the futon entrusting her body to me, I moved to on top of her and put it in while in missionary position.

「Nnn ! .....It.....It's hot.....and hard.....Nn..... ! 」

Yuki-chan's insides weren't clamping down tightly onto me, but her entrance was gently enveloping my dick, then it slowly got tighter with every movement of my hip, Yuki-chan's gentle disposition was reflected by her gentle and

comfortable pussy.

While pistoning her pussy, I rubbed Yuki-chan's breasts as she told me to.

「Nn、Nn.....M、My nipples.....suck them.....an、and tease them please.....  
Nnn ! I love it when.....my nipples being played with.....Nn ! 」

As requested by Yuki-chan, I sucked on her boob while rolling her nipples around with my tongue.

While doing that, I tasted something delicious in my mouth as I rolled her nipple around.

「Nmu.....\*lick lick\*.....Yuki-chan、is this perhaps breast milk ? 」

「Nn ! .....Y、Yes.....it's my constitution.....Nn、Nn、N..uuu ! ! 」

Yuki-chan's breast milk was so delicious and clean that my brain felt like it was melting.

Tasting breast milk while pistoning made my head swirl, my hip movements also became more violent.

「Nn ! Nn ! Aaa ! Haa haa.....Nnnn ! I'm.....I'm cumming..... ! Nnnn  
~~~~~ ! ! ! ! 」

「M、Me too.....cumming ! ! 」

Thought it was soft, when Yuki-chan's vagina clamped down on me tightly, I released a massive amount inside her.

「Haa haa.....I came.....」

「Amazing.....that was wonderful.....」

I felt like becoming addicted to having sex with Yuki-chan.

「Ah.....it's still hard.....but、the time is.....」

The moment Yuki-chan said that, the owner lady called out from downstairs.

「Yuki-cha~n、time's up~ ! 」

「Ah.....」

Yuki-chan seemed regretful as she clung to me and whispered into my ears.

「Next time you return、you must call Yuki again okay.....that's a promise」

「Yes.....」

Yuki-chan embraced me tightly one last time, then helped me put on my clothes, she also helped me descend the stairs.

The owner lady offered me a drink when she heard us coming, I was already drunk so I refused, I paid for the service and left the shop.

The moon is already up in the night sky.

I had a feeling I heard Dragons howling far in the distance.

Sometimes it's good to have this kind of feeling after sex.

My heart is set on returning for Yuki-chan again, going back my house in Hot Spring Village, I drifted off and fell fast asleep.

### The disabled man's hideout, at Bijo Olde

A few days later, I came back for Yuki-chan, and while playing with Kashima-chan, Freya-chan, Rachel-chan and Remi-chan, I do quests here and there.

My next goal would be the Hookers at Saisho(First) Village, but, even though I would be quite popular with my current equipment, I might as well become a G rank hunter so I'll be spoiled to my heart's content.

Therefore, to become G-rank hunter, to make easy money, and to obtain Cheat-class equipment, I headed to Bijo Olde, Dorahun Online's main town.

To tell the truth, this is not the first time I came here in Dorahun Online. In the past, when Dorahun was available for PC, I was pretty interested and went here once or twice.

But, I couldn't keep up with the paid-players group and the inflation of monsters, so I put the game away.

In conclusion, Bijo Olde is, as far as I'm concerned, a very familiar place to me.

That said, I don't intend on spending too much time in Dorahun Online.

So, for the sake of rising to G-rank, I paid the Basic subscription fee, then bought 'Convenient Hunting X Course' and 'Various Hunter Privilege Course' with in-game money using the method Ayakidou's owner showed me earlier. If this was real life, it would take 8000 yen for all this if you exchanged game money into real money.

Then, for my Heavy Gun protector I bought the Elena kit, for my long sword I bought the Nyaroru kit, and to further strengthen my Heavy Gun's sighting I

bought the Fleet kit.

This too, would cost around 9000 yen in real life, but since I'm using in-game money, it's free.

I climbed the stairs of the rocky valley Bijo Olde, received the claim tickets for my purchases from the receptionist lady Yufie-chan, and they were sent into my Item box.

Immediately receiving quests to raise my rank is good but, right now I have some free time, so I headed towards the most erotic-looking furniture store of Bijo Olde where an old man lives.

As I approach him, the old furniture dealer hid the fruit that he was holding behind his back.

In the past, this old man is needed to obtain a powerful ornament called 「Herculean Strength Sphere」, but after finishing the quest that gives the Herculean Strength Sphere nobody ever approached this perverted-looking old man again.

I occasionally visited this place for the sake of decorating My Gallery, and this old man is presently the man with the most free time in Bijo Olde.

I chose suitable furniture to buy and talked to the old man.

「Hey、uncle、where are the brothels and strip-shows？」

「Hm？ Ah、that's down the path beside the hair salon。  
You seem interested.....hehehe」

「Mmmhm.....」

Since I was given the location, my business with this old man is done.

I walked towards the blacksmith, my protector and weapon were ready for pickup.

Even the Elena kit unenhanced protector, without being +3 and high-class earring, still easily exceeded 400 in defensive strength.  
A powerful protector in Dorahun Cross is only 300 in defensive power, so this is more than enough, but to reach G-rank Cheat-class equipment like this is needed.

And my weapon, for now, it's a Lizard Mortar.

This is a cash weapon that can shoot bullets of any attribute, then when I become G-rank it evolves into Serpent Emperor Mortar, my offensive ability will easily reach 600.

Dorahun Cross heavy guns are around 200 in offensive ability, so this thing is exceptional.

Moreover, the gun-like design of this weapon looks badass.

I immediately put on the Elena kit and equipped myself with the Lizard Mortar. There are 4 colors available, so I tried choosing red uniformly for everything. The Elena kit is pretty cool with a gunman look. I decided to go show this off to Kashima-chan.

With my equipment all prepared, I randomly went for a tour around Bijo Olde. After confirming the location of the brothels and strip-shows, I took a look at the plaza.

Since this is Dorahun Online, many receptionist ladies were around. The girl named Yufie-chan I got my equipment claim tickets from earlier is in charge of General Information at the plaza, Demeter-chan who likes cheese is in charge of Tournament, the energetic twin-tailed Hilda-chan is in charge of Route Quests, the girl with glasses is Anetta-chan and she's in charge of Item Market, cool but kind and is popular with the hunters – Enis-chan – is in charge of General Quests, and then Mizuho-chan, who is called 「This guy's feet definitely stinks」 「Molder feet」 「Stink feet Mizuho」 on the internet, is in charge of Series Quests.

There's a reason all the hate was directed at only Mizuho-chan among these girls.

People usually crowd around Enis-chan to receive General Quests, so sometimes, because of the congestion many people would mistakenly talk to Mizuho-chan standing right beside.

This makes some people irritated because they were in a hurry.

With such circumstance, plus Mizuho-chan stands there 24 hours a day with stockingless boots, hence the name 「This guy's feet definitely sink」.

Well, in reality, every girl was cute and beautiful.

Since I don't intend to really play the whole Dorahun Online, I'm not interested in pathfinding, festival participation, tower investigation, or a subjugation of a giant monster with groups of tens of people.

In the end, my purposes are to become G-rank, enhance my cheat equipment, make money and do women.

So, though there are many receptionists here, I only talked to Enis-chan who is in charge of General Quests and Anetta-chan who is in charge of Item Market, then I also talked to the 「G-rank Receptionist Lady」.

For hunter rank tests, it is essential to talk with the Guild Master woman, who wears a one-piece dress, but basically I'll be speaking with these 3 people.

By the way, the previous Guild Master was a mini-sized Dragon-race old man, but it was refined and a young, chindonya-looking Guild Master was swapped in place of him. (TN: [Chindonya](#))

Perhaps, it's something with adult circumstances involved.

Back on topic, this dragon-race G-rank receptionist woman is extraordinarily cute and beautiful.

Her skin is as white as porcelain, her eyes were ruby red, her hair was the color of peach with the bangs covering her forehead, the hair itself was tied into a side tail neatly.

She wears a green and white apron dress, and always has a parasol.

As for when people that aren't G-rank talk to this G-rank Receptionist,

「I'm sorry、this place is for those who deal with very dangerous Quests」

she deals with them appropriately.

Back when I was playing in the past I wasn't G-rank, I too talked to her out of curiosity so I have some memories about this.

But, this time I have firm determination to become a G-rank.

So, I tried talking in a playboy style.

「You seem to have some free time？」

「.....I may look like so、but I'm actually busy dealing with G-rank quests」

「Just telling me your name is fine right？」

「I'm Primula」

I know.

I know that name was determined by public appeal, I also know she's been called 「Dragon Child」 widely on the net.

「Hey、 what if.....」

「But now、 I'm busy」

(TN: URGHH.....the Japanese sounds a lot more feminine and gentle.....)

「If I become G-rank、 how does letting me embrace you sound ? 」

The receptionists around became noisy.

Primula laughed scornfully.

「Many hunters have aimed for G-rank、 and failed、 you don't seem to know about this。

If you're in Bijo Olde for such a reason、 you'll die you know」

Ah, so it's this kind of setting.

In real life, players aiming for G-rank giving up are as many as a whole swarm, but with the game's system, there's absolutely no death.

「We don't know yet right ? There is a possibility of me becoming G-rank、 at that time、 reward me by letting me embrace you」

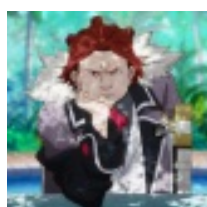

「Ah、 hai hai、 only if that happens okay」

Primula said so carelessly to drive me away.

「OK、 we have a deal、 everyone remember this for me」

The receptionists around slightly nodded.

Thus, for the sake of becoming G-rank, I received quests at Bijo Olde.

### Aiming for G-rank

Currently, Dorahun Online has become a balanced game where you won't have much trouble rising to G-rank.

Be that as it may, to reach G-rank you must raise both your Hunter and Skill Ranks to 999.

If you did some serious calculating this would take a lot of time, but I want this to be quick so I already purchased Premium Course and Hunter Support Course. With this, my rank points that I receive for completing quests has increased by 3 times the normal amount.

In Dorahun Cross I am HR7, the highest rank before HR-limit-release, but the two games have separate Hunter Ranks so in Dorahun Online I'm only HR1.

That said, it seems like a long way to G-rank, but there's a really good quest to raise HR and gather money.

For the time being I went ahead and killed the low-level Teacher Cock many times to quickly rise to HR31.

(TN: ティーチャー・コック → a Rooster, the meaning behind the name will be explained in later chapters)

Now, this is where the significance of the Premium course kicks in.

With the Premium Course, I can receive Premium Quests and receive tons of

hunter points as a special privilege.

First, I went to the Red-light district and had fun with Freya-chan and Rachel-chan, then I went to challenge the Premium Quests feeling refreshed.

My opponent for the Premium Quest is Kusokong.

(TN: It's a Damn Kong lololol)

This monkey, it can attack with Fart-strike, Poop-launch, and Bad-breath, the worst monkey ever, you definitely don't want to meet it in real life, but its attack pattern is simple so hunting it was easy.

Moreover, I spent 3000 yen more for the Hunter Support Course, so I got a special privilege to hire a 「Legend Hunter」 to accompany me doing quests.

These Legend Hunters are an eccentric bunch so they aren't easily persuaded, but they're all stupidly strong so they make hunting much easier.

Since I'm a gunner, I took the twin-sword legend hunter 「Plum」 with me.

This person 「Plum」's personality is、nicely put a 「Natural Airhead」、and impolitely an 「Idiot」、but he's powerful to an ungodly extent.

So hunting Kusokong was very easy, and my hunter rank steadily rose.

Besides, the good part of this Premium Quest isn't only just that.

Clearing this Premium Quests give you 「Olde Ticket・Sakura」 depends on how many times you cleared the quest, these tickets are raw materials but it would sell for 50,000 gold/ticket if you put it on sale instead of using it as a material.

With that in mind, every time I clear the quest 3 times I'll go play with a woman, and I'll keep up that pace to raise my hunter rank while earning money.

By the time I got to HR200, I finally got bored of this simple routine.

As expected, not one moment has passed in real life, so there was no reason to keep doing the same thing again and again.

As I thought, I should do something new.

I made a new decision in my heart, to challenge a new kind of sex service, I head towards the side path of the beauty salon where the Strip Show is.

### Strip-show 「Olde Theatre」 ★ (Dance)

There is a strip theater 「Olde Theatre」 at the end of the street within a row of brothels.

It was a comparatively large building built with thick black planks, but even with soundproofing, you can still hear the heavy *zun zun* sounds of deep bass from inside.

I asked to buy a ticket at the ticket window.

「Is there a time limit ? 」

「If you pay the entrance fee then they don't care about limit、but once you go outside the ticket will become invalid」

The young man selling tickets passed me one while saying so.  
The price was 1000 gold.

I went through the curtain, opened the door, and entered the theatre.

On the side of the door, the band was playing an uptempo song.

The stage has a unique shape, it's in the middle of the audience with the stage elevated above the surroundings.

In the gloomy audience seating, there are about 10 customers scattered around, but the sides of the stage within arm's reach were occupied by a few middle-aged hunters.

(Are these guys enthusiastic fans..... ? But considering that、the clapping rhythm feels half-assed though.....)

Right now, a dancer is moving to the beat of the music. Her clothes were really revealing, her dance was also pretty extreme, but she hadn't stripped yet.

(I wonder when she's going to start stripping ? )

I settled into a seat where it's easy to see and clapped my hands like everyone else.

Then, the music ended without any stripping. 'Oya', I was thinking when the lights changed to pink, and this time moody song started to play.

The dancer completely changed from the earlier intense dance, and a seductive dance started, matching the music, she took off her jacket, bra, and panties.

Her pussy seemed able to be seen, but she arranged her footwork skillfully so her 「Goods」 could not be seen while she dances.

(Well、it is what it is.....)

I enjoyed the dirty dance in this shady atmosphere.

Soon, the moody music came to an end, this time the lights changed to bright red, the dancer began clapping her hands to the beat.

(.....what ? )

When I look, this time the dancer is matching with pop music, she stood and let the customers see her pussy, she spanked her ass while picking up the rhythm.

The dancer changes her positions and angles to show the various customers her pussy.

I have inspected pussies many times in brothels and 'health delivery', but seeing a woman like this in this atmosphere makes me feel a certain charm.

Soon the dancer sat down on the side of the stage right in front of the customers, wiped their hands with a towel and let them touch her boobs and pussy.

She sat there and let people around touch her.

(Ah、 the purpose of crowding at that location、 is to touch the dancer huh.....)

In other words、 this is the 「Ringside seat」, or so I convinced myself.

The dancer conversed with the customers with a smile while they touched her, but she didn't seem to feel anything from that.

Next time if I sat in that location, I'd like to try and make use of my AV knowledge to satisfy the dancer that might be good, or so I decided in my heart.

Soon the music ended, the dancer bowed and disappeared into the wing of the stage.

~~~~~  
~~~~~

After that I saw a few more dancers, but the stripping seemed to be basically the same.

First the dancer starts off with a different outfit, and performed a normal dance with the uptempo music.

Next, she gradually takes off her clothes with a moody dance.

Finally, she performs a dance that emphasises her pussy as customer service, then lets them touch her body.

Apparently this 3-step-process is introduced as a set for every dancer.

Since my mood has improved quite a bit, I decide on going to a nearby brothel and leave my seat, but the customers started to get excited.

When I looked, a new long violet-haired dancer made her appearance.

「Fina-chan~ ! ! Look over here ! ! 」

The customers cheered.

She's certainly beautiful, but why did they get this excited I wonder ? I was curious so I decided to stay and watch her dance.

Her first dance was different from the other dancers' set. She started stripping bit by bit right from the beginning with a moody dance, by the end there were only some decorative items around her waist making the entire thing more charming.

It's true that dancers are expected to have narrow waists, but her breasts are normal-sized, and her dance wasn't much better in comparison to the other girls.

But the audience went crazy, they applauded like crazy.

That dancer called Fina-chan, looked over at my bewildered state and gave me a wink.

Before long the moody music ended, the lights brightened up, Fina-chan called out to the audience while being naked.

「Now then、lets do Rock paper scissors ok? Rock、paper、Scissor!」  
(TN: She's a scissor)

Lured in by the momentum, I threw out Rock with my hand.

「Then、Paper people please sit、we'll keep going okay? Rock、paper、Paper!」

I won again by using Scissor.  
At this point I understood mostly what was going on.

(Probably、this is the so called Chopping Board Show!)

I also won the next round, it's only me and a full golden armor middle-aged hunter left.

「Now then、since there are only two of you left you'll have a duel okay? No hard feelings okay? Rock、paper、scissor!!」

With all my might I defeated the middle-aged hunter with a Rock while he had Scissors!

「Guu! I went out of my way and prepared all these equipment with LUCK stats.....!」

The middle-aged hunter sat down while being upset.

「Hai、now then、the cool-looking onii-san over there with Elena equipment! Please come onto the stage~♥」

As told, I got up on the stage.
